Menton, France, June 17, 2018

By Kiyotaka and Claire Koyama

Our Beloved True Mother, This Sunday, June 17th, we celebrated the 56th Day of All True Things in Menton, near Monaco. We are a small community and we were happy to have the visit of Jean-François and Hisako Moulinet, Regional president, and Patrick Jouan, UPF-France Vice-President, who worked for several years in Monaco. We gathered on Sunday morning with three Peace Ambassadors: Mrs Rosie B., 87 years old, Blessed couple. Still she has a shop in Monaco

where she is very proud to display her Ambassador for Peace certificate. Mr and Mrs Mathis B., who received the Blessing in Washington in 1998. They are retired but ready to help our activities. During the Service, Jean-François read your speech at the opening of the ICUS conference in February, where you spoke about the importance of the environment. We shared an atmosphere of family connected with our Heavenly Parent, and our guests are eager to come again quickly.

In the afternoon, some of us went to the Fairmont Hotel in Monaco where your stayed with True Father during your last visit in 2009. With the visit of Jean-François Moulinet we discussed in depth about plans, especially to connect with religious communities in preparation for IAPD to develop our region in cooperation with Paris, and we felt very supported. Two Second Generation couples are going to come back after their studies and will strengthen our activities. With our filial piety to you.
