

Small Victories in Giving the Blessing

Estonia, Olga Martinson, December 20-21, 2018

Olga Martinson, National Leader of Estonia

On December 20, after a beautiful New Year's concert, eight of my colleagues among the music and art schoolteachers gathered to celebrate Christmas and New Year! I proclaimed a toast in beautiful verses and with the words of God's Blessing. Everyone drank Holy Wine and was happy and inspired!

Also on December 21, I blessed my friends. There was a grandmother and her son with his wife. Altogether there was one family of 13 persons.

As time is going by quickly, I realized that I need to use any opportunity to give Holy Wine to people and to bless them. So on December 21, I decided to take Holy Wine with me to my workplace and bless my colleagues. Altogether 12 people drank Holy Wine, and in the end I said, "May God bless you!" God is clearly directing us. I tried not to worry how everything would work out; I had the attitude, "I just will go and do what I can." I could see spirit world is very active and is guiding people. So I got more confidence in fulfilling the Heavenly Tribal Messiah mission. Thank you!
