March 19, 2018

As spring approaches, CARP Las Vegas held their second Two Day Divine Principle Workshop of the semester! It was a truly special blessing to experience the workshop together with True Mother here in Las Vegas.

The workshop gathered a total of 22 participants with 5 new guests, 3 returning guests, 4 Las Vegas Family Church second generation members and 10 CARP members. 4 Cheon Il Guk Missionaries from Japan also supported the workshop and brought 2 of their guests. The theme was, "Become Your True Self, Inspire Others." Participants experienced the power of the Divine Principle through hearing lectures given by Rev. Hideyuki Sakai. Many guests had deep experiences realizing the love of Heavenly Parents for them. Rev. Sakai also shared his testimony of fighting communism on his college campus in Japan. Participants were able to catch the true spirit of CARP- to stand up for God on college campuses and bring a revolution of true love in this world.
