**Reflections**

**Rita Isabella, Angola:** Chanyang Heals me!! Some years ago Doctors said that the headache that I have was coming from a choc I got in my childhood. But when I explained to my parents they said that nothing as such ever happened to me. As the pain was getting worse, I had started devotion and I had a dream in which I saw my head divided with a cross; and in the dream two men explained that due to my life of faith I have survived until now. I was hopeless!

**A Participant:** During the Chanyang, when Rev. Chung started hitting my head, I felt it so hard, that I felt dizzy. And when Chanyang was finishing I felt a heavy spirit leaving my head so strongly that I started shaking. That is really a liberation for me so my tears started flowing. I am so grateful to True Parents!!!

**Daniel Chanda, Zambia:** During the Chanyang of the ancestors liberation, I felt hot and my eyes was seeing my mother appearing to me. She told me about liberating her. I had paid a wish paper but she said it is not enough to liberate her. And also, when Rev. Ahondjo came all the way to hit my head, on the sound system desk, I felt dizzy a little bit and after I felt good. I realized that it is my responsibility to liberate my ancestors. I thank Heavenly Parents for all the grace!!

**Tsabelo Theresa Pali, South Africa:** I am so grateful that I received deliverance during the Chanyang session. I have been praying for my Husband and my son to stop smoking and drinking. I felt the right hand fingers were scratching for almost 20 Mn. I felt that God has taken place even in my body because it happened immediately I expressed my thankfulness to God. I thank God and True Parents for all the wonders going on through the liberation and blessing of our ancestors. I am determined to finish their blessing! Aju!
