

## WFWP Spain's Activities for the Maintenance of the Biodiversity - Earth Day

Marcia De Abreu

April 22, 2021

WFWP Spain held a conference entitled Activities for the Maintenance of the Biodiversity and the Protection of the Environment.

**There were 5 presentations by speakers representing different organizations:**

### **Panel:**

Ángeles Parra, Director Association Vida Sana/ Bio Cultura Fair

Beatriz Ochotorena, Founder of Ultzama Foundation

José Luis Barceló, Director Mundo Financiero

Manuel Escudero, Iniciative AIVelal

María Jesús Sanz, Institutional Relations of ECODES (Ecology and Development)

Marcia de Abreu, President Asociación Mujeres Paz Mundial (WFWP Spain)

### **Moderator:**

Sunhwa Sara Marchán from WFWP Spain

Each speaker focused on a different area of approach to the theme according to the activities they develop:

## DIA INTERNACIONAL DE LA MADRE TIERRA

Ángeles spoke about the ecological food; José Luis spoke about population, demography and the environmental protection; Manuel referred to vast areas of plantation of almonds in an ecological fashion; Beatriz spoke of a school farm dedicated to education of children and adults about nature; Marcia spoke about the need to implement circular fashion. The presentations were followed by a QandA session. There were so many questions that they could not all be answered!
