

FFWPU Santa Cruz, Bolivia: 3-Day In Person Blessing Preparation Workshop

Hilda Claros de Jitto

April 5, 2023

We are deeply grateful for all the miracles that Our True Mother performs, as a result of which, the 3-day offline Seminar was held in Santa Cruz, Bolivia, to prepare the Candidates for Blessing.

We had the grace that this seminar, for the first time, was directly guided by our Regional President of Heavenly South America, Rev. David Dong Woo Kim and the Director of the Department of Blessing and Families of Sub-region 3, Mrs. Hilda Claros.

We had 39 young candidates 1st and 2nd generation (15 men and 24 women) participating in person.

This seminar mainly covered the lectures on the change of blood lineage, the meaning and value of the blessing, the Providence of Restoration and the Formula Course.

Regional President emphasized a lot about the process of salvation, restoration, recreation, and the importance of carrying out 1 year of public life mobilization, as training, after receiving the blessing and before forming the family.

The result of this seminar was that 30 first generation youth, and 2 second generation candidates, were directly matched by Rev. Kim.

The candidates committed to carry out the year of mobilization, were very grateful and inspired to be able to follow the course of fulfilling their part of responsibility, to establish the Blessed Families that God and our True Parents desire; and also continue with the preparation to be registered as CheonBo Families.

Our young participants showed a lot of interest and eagerness to actively participate in this seminar, because the regional president himself was the one who gave the lectures, as they feel a lot of respect and appreciation towards him. They could feel and value this seminar and follow his directions with deep gratitude. They started a material restoration course (fundraising), as part of their training, and as part of their preparation for their blessing offerings.

We wish and pray that Our True Parents can be glorified and honored, with the National restoration of each Country. Thank you very much Beloved True Mother, we wish that these results give you joy. We love you so much True Mother!
