On the sunny afternoon of 1 October, ladies of the River South community gathered together to commemorate and celebrate the 30th Anniversary of the Women's Federation for World Peace.

The event began with a heartfelt welcome by the MC Tina Coombs, honouring the Founder of WFWP Dr. Hak Ja Han Moon, the International President Mrs. Julia Moon, the UK National President Mrs. Mitty Tohma and UK Regional Coordinator Mrs. Dolores Read.

This was followed by a beautiful violin performance of a sonata from Johann Sebastian Bach by Leefa Ezaki from Japan. After that the ladies enjoyed watching a video about WFWP's development and progress at achieving world peace through humanitarian service projects, education and reconciliation programs.

Dr. Zohra Zaidi spoke in a very touching way about Dr. Hak Ja Han Moon's life, as she had learned from Mother Moon's Memoirs. The next speaker was Mrs. Zahida Akhtar, Founder of the Sabrang Ladies Group, who has been collaborating with the Women's Federation in South London for many years in service of our wider community.

Then the focus of our attention went to the Macmillan Cancer charity and their important support for cancer patients. Mrs. Luz Marina gave an emotional account of how her husband coped with his illness, and how it made them realize that every moment is precious for sharing love and kindness. £600 were raised in support of the Macmillan cancer charity.

The afternoon concluded with a delicious Indian meal, lots of sharing of memories and experiences, and the determination to continue to realize future plans for the expansion of true love and peace in our society.
