

## WFWP South London, UK: Coffee Morning supports McMillan Cancer Support

Tina Coombs  
October 4, 2023

On 4th October WFWP UK/South London held a coffee morning in support of the McMillan Cancer Support charity.

A delightful group of ladies gathered, listening first to Welcoming Remarks and an introduction to the values and work of the Women's Federation for World Peace by Dolores Read, Chairlady of WFWP South London. Next, we learned about the invaluable work of McMillan's Cancer Support charity.

The programme continued with a delightful quiz and games that resulted in harmonious and cheerful group discussions, despite the serious topic we were meeting about.

We concluded with tasty refreshments, lovingly prepared by our chairlady Dolores. It encouraged us to stay, share and deepen our friendships even more.

A total of £400 was donated by friends present and online, which is appreciated tremendously!
