Dear Families, Brothers and Sisters,

How are you doing today? I hope everything is going well with you.

The Foundation Day celebration last Tuesday night was truly moving. I was in tears as I watched the HJ CheonBo performances. The whole event just ignited my desire to do better and more to help speed up the building of God's Kingdom.

I believe that our active participation in every event organized by our True Mother in the international level as well as in our local events - national, subregional, district wide and/or community wide, they are important conditions and contributions we can make to help in this Kingdom building. So I would like to encourage you all to participate whenever you can. I know that sometimes it is not possible because of work schedules and other reasons. Whatever your situations maybe, just let us stay connected centered on Heavenly Parent and True Parents.

We have the following upcoming events
