

# Hyo Jeong Cheon Bo Special Event in Russia

*Russia, Moscow, Peace Embassy, Yuriy Gavrilin - May 3-4, 2019*

On May 3-4, 2019 the Eastern Europe sub-region was specially blessed by hosting the HJ Cheon Bo Special Event which took place in Moscow, Russia.

The President of the HJ Cheonbo branch in Heavenly Europe, Rev. Inpyo Moon, together with Cheonbo staff Rev. Tibor Krebsz and Mateo Ziko invested their hearts, energy, efforts, love and wisdom in brothers and sisters of the Eastern Erop.

So much energy was invested into preparation of Chang Yang team which consisted of Second Gen and CARP members. It was for the first time for them to be a part of Chang Yang team. Under loving guidance of Rev. Moon and Rev. Krebsz team could quickly learn what they need, and showed their best during Chang Yang sessions.

Regional Group Chair couple of Michael and Fumiko Balcomb gave welcoming remarks at the opening of the workshop. After that they diligently participated in each changyang session and other ceremonies. President of the Eastern Europe sub-region and his wife Jack and Renee Corley warmly welcomed brothers and sisters. Rev. Krebsz and then Rev. Moon gave deep and moving lectures during the seminar.

Total 676 people participated in Cheonbo event. 474 adults and 252 Second generation children. Most of members were from Russia, 46 people came from Belarus, several members came also from Latvia, Lithuania, Belarus, Ukraine, Moldova, Armenia, Georgia and Azerbaijan. They were able to receive all possible grace, including Ancestor Liberation and Blessing ceremonies, Hyojeong offering ceremony, Spirit World and Physical World matching, Blessing and starting family life ceremonies for elder members, and of course all participants earnestly cleansed themselves from evil spirits during two changyang sessions.

During HJ CheonBo event Eastern Europe HQ was miraculously transformed into HJ Cheon Bo Training Center. Many participants testified that they felt as if they came to Korea to CheongPyeong. And many people testified that when they entered prayer room located on the 2<sup>nd</sup> floor of the Peace Embassy they felt that they are praying in Jeong Shim Won in Korea.

It was truly holy blessed event. Souls were cleaned, tears were shed. Ancestors were liberated and Blessed. Many brothers and sisters offered HJ offering papers. Everyone was revived and inspired.

Despite of several external challenges induced by Peace Embassy constraints everyone lived and worked harmoniously without any complaint.

Here are some reflections of participants

Reflections from participants of the Moscow HJ CheonBo Special Event, May 3-4, 2019 (excerpts)

1. "During the workshop I wanted to meet my ancestors for whom I invested so much and who have been taking care of me all this time. They came to me during the Ancestor Liberation Ceremony, together with the ancestors of my husband. My ancestors were comforting me, letting me understand that they know about the difficult circumstances of my past life. My beloved father was also there. I was crying and could not stop my tears. Now I feel that it is possible to solve everything, because my ascended ancestors will be together with me."

2. "While singing "Grace of the Holy Garden," I was always smiling; I was overflowing with gratitude to God and True Parents. I don't remember that something like that happened during previous workshops.

While singing, I kept my eyes closed, and at one moment I felt that True Mother was near, kind of above the stage. But it was a different stage, not like ours, and behind it there was a blue-violet expanse stretching far away. True Mother was dancing with True Father, a kind of waltz. They were smiling and happy.

Thank you, Heavenly Parent and True Parents!"

3. "I felt that our headquarters building in Moscow was transformed. The prayer room felt like a completely different place; it felt the same as the Jeongshimwon prayer hall at Cheongpyeong. Even entering the stairs leading to the prayer room, I couldn't hold back my tears, because I was overwhelmed by the feeling of God's presence, True Parents' presence, right here behind this door!

One deep realization I received is that True Parents really are the Parents of Heaven, Earth and Humankind. They are the true saviors of our ancestors. Many people in history have known about spirit world and even tried to use it, but only our True Parents really cared for those who suffered there, as for their own children, and thought how to get them out, restore them, clean them till they shine. We can never appreciate enough what they did for our tribes, our lineages."

4. "I had a memorable and very inspiring experience during the Ancestor Blessing Ceremony. When it was proclaimed that our ancestors were entering the hall, I strongly felt their presence. I felt that they thanked me, greeted me and warmly hugged me. It was the first time I had ever had such an experience. It was an indescribable feeling."

5. "I was amazed by our Changyang team of second generation young people. When I saw them on the stage, I couldn't hold back my tears. I cried and cried tears of joy, gratitude and hope. I realized that our church with such second generation young people HAS HOPE!!! And it is real! I felt great gratitude to God, True Parents, the physical parents of these children and personally to Elena Yurievna Kalmatskaya [regional director of second-generation education]! They are such heavenly stars! This is happiness. I saw that goal, this level, that the second generation children of our city, Ufa, need to achieve. I saw this high standard."
