*Our members in Moldova have made outstanding efforts to support Ukrainian refugees in recent months and they just received a special letter of thanks from the President*

**President Of The Republic Of Moldova**

**To Family Federation for World Peace and Unification**

Dear members of the federation,

Thank you for the important work you have been doing in recent months to provide support to refugees from Ukraine after their war-torn country. I appreciate the dedication with which you have given your resources, time, and energy to help these people - most of them women, children, and the elderly, who have moved away from home without their will.

You, through generosity, care, and openness, have offered refugees a welcoming and warm stop in Moldova, a safe shelter in our country. We have thus shown that we are a small country, but with a big heart. The generosity of Moldovan volunteers has become well known and appreciated all over the world.

The exemplary mobilization and the organizational capacity that you showed during this period, together with other fellow citizens, give me hope. I firmly believe that together we can change our country for the better, we can build a free, peaceful, and prosperous society here, a warm and welcoming place, a corner of heaven, where you want to live and build your future.

Thank you from the bottom of my heart!

With appreciation, Maia Sandu

President Of The Republic Of Moldova
