

## Blessing Prayer at the 2024 Heavenly Top Gun Special Blessing Ceremony

Hak Ja Han  
February 15, 2024

Dear Heavenly Parent,

After waiting for 6,000 years throughout the course of providential history, the history of fallen humankind, You, our Creator, finally allowed us the grace of the Blessing through the True Parents, who perfected themselves on earth. Thus, many blessed families have been given birth to throughout the world.

Your dream as our Creator, however, is to live together with the True Parents and Your children in the Kingdom of Heaven on earth. You have dreamed of living with the True Parents in the eternal heavenly world.

That being so, You have been waiting much too long. At this time when True Parents are preparing for the Entrance Ceremony for the Cheon Il Sanctum in Cheon Won Gung just a year from now, notably these 70 couples will receive this special Blessing on this day in the 12th year of Cheon Il Guk. I know they are standing here today with the resolve and determination to expand the environment in which You, our Heavenly Parent, can carry out Your Providence on earth.

Heavenly Parent,

When we think of the 8 billion people who do not know You, please work through these people, through their actions and the practice of true love in each country where they live - notably our 2nd generation born through the blessed families as pure water with no relation to the Fall. True Parents have hope that they, as blessed children who purify the turbid world to become pure water, will do their best to expand that environment, investing sincere devotion [jeongseong] and effort to create the circumstances in which our Heavenly Parent can feel joy, celebrate, and express love. Moreover, as this is the day of the Blessing, when the younger generation of the blessed families make a historic beginning toward the blessing of all 8 billion people of the world, Heavenly Parent, please accept them with joy.

We, True Parents, trust and love these couples. I pray all this in the name of the True Parents. Aju!
