"THE WAY FOR TRUE RELIGION"

- \*The Basis of the History of Restoration  
is Love
- \*History of Altar
- \*Home Church is the Substantial Altar
- \*The Victory of Washington Monument  
is World-wide

The Basis of the History of Restoration is Love

Without love everything turns out empty. Love is the essential spirit of religion and the basic spirit of God's providence of restoration. Therefore, nothing can be done without love.

All the historical religions went the sacrificial way of love. On that foundation they could stimulate God and could eventually spread over the world. True religion found its way of development in history by this principle. Judaism followed this same course, and so did Christianity. They had to go through desperate situations and even persecutions in which they shed blood, in order to develop as a historical religion, and successfully restore the people. It is the same with the Unification Church. All true religion followed this same course without exception.

In order for Abel to restore Cain, it is necessary to pay the price of tears and sweat and blood, so that Cain can be moved in his heart. As well, this is the only way Abel can stimulate and move God. The message in the Bible: "Repent, for the Kingdom of Heaven is at hand", is the message which has been given to Abel. Jesus stands in the position of Abel on the national level centering on Judaism, and Christianity. Unless Cain and Abel can unite with each other through repentance, and receive the love of God, they cannot leave a foundation for God on the earth. Jesus experienced the full love of God and could therefore pray with sweat and blood. At the cost of his own life, he loved mankind and prayed for

them with his whole heart and zeal. Through this he could be lifted up. Jesus stimulated God's heart so deeply that God could further develop the providence of restoration.

The Unification Church is in this same situation. True Father has been in this situation, where he gave himself completely, and now the Unification Church is in the position to do the same.

### History of Altar

Abel is to be stricken first. However, if the people in the position of Abel through history are killed all the time, then God would have no one to work through. So, Abel has to provide offerings in his place. Since the offering is a substitute for Abel himself, then it is right that the offering is given with a love equal to Abel's love for his own self. This offering is a sacrifice given on behalf of Abel, in order to save Cain. This is the history of offering. In Abel's willingness to sacrifice for Cain we find the highest love. The Bible tells us that when a man dies for his friend, it is the greatest love. This is the best way for us to have a connection with God. Our failure or success is determined by how we connect with God. The altar is the place where we can make a connection with God: the individual altar, family altar, racial altar and etc. Judaism was the racial altar. Their holy offerings were chosen by the representatives of the Jewish people, and then were offered to God with repentance from the depth of their hearts. They gave these offerings in their own place as pure sacrifices.

Christianity is the altar on a world-wide level. With the age of Christianity, the giving of animal offerings had finished. Because Jesus sacrificed himself as an offering, Satan was subjugated, and Jesus could set up the conditions for restoration. We are now living in the age when this altar has developed to the extent that it can be inherited world-wide. So, we who are aiming for a world-wide unity, must inherit this altar.

### Home Church is the Substantial Altar

We should stand in the position where we give ourselves for the sake of people from more than 12 nations. The 12 disciples of Jesus were the representatives of 12 nations. Jesus paid the price of his life for the salvation of his disciples. Jesus' sacrifice enabled Christianity to inherit and, then carry on the Israelites' hope for

a way to final salvation. In this age, the Unification Church is to restore and indemnify all that was left undone at the time of Jesus. We are to build an altar on which the people from at least 12 different nations are living together. The purpose of the Unification Church is to build this historical altar on the earth, so we must begin by building the foundation and for that substantial altar. Upon this foundation the substantial and victorious altar can be restored, consisting of the unity among representatives of 12 nations.

The foundation for this altar is the Home Church. The number 360 represents the characteristics of history. There are 360 days in a lunar calendar. The degrees of a circle are 360. Everything corresponds to 360. 360 means the whole number, whole year, whole degree, and explains every degree of three-dimensions. Also, the number 12 had the same meaning as the number 360. A year had 12 months. Furthermore 360 can be divided by the number 12. This number 360 can be reduced to as small as a crystal and can also be expanded in size. This symbolizes all the years of history and all individuals. Therefore the 360 home area means a substantial microcosm of the world, and an altar representing the world. So, in this area there must live people from 12 nations, the number 12 meaning the world. It is impossible to find the people from 12 nations in Japan or Korea, but possible in America and Great Britain.

#### The Victory of Washington Monument is World-wide

It was in the USA where Father struggled and fought, and finally established the victorious foundation in 1976. This could happen in the USA because it is the central nation in the world, and symbolizes the world as a microcosm consisting of 12 or 120 nations. The Washington Monument, Father felt as if he was being sentenced to death. If Father would fail, all the universe would reverse its order completely. Father was in the most crucial position. At this point, God guided Father to success by mobilizing the whole spiritual world. Because of this victory, Father could set up the indemnity condition to return to his own home country. When Father returns to his home country the next time, the battle between Abel and Cain is to be finished. Because this foundation has already been established, you also can return to your home town after you inherit this victorious foundation established by Father, even if you cannot contribute directly to the world.

## 360 Houses is our Portion of Responsibility

[In this sinful world dominated by Satan, the true religious people had to forsake their worldly life in order to seek after the way of salvation. Buddhists also left their loving parents and home towns. Jesus and Father also followed the same destiny. You have to leave your homes, so that you can win the 360 houses on the Cain side, by your 5% responsibility.] This is your portion of responsibility to inherit Father's world-wide victory. This is the way to restoration that everybody must go through.] You can restore and indemnify the world through 360 houses. This is your 5% of responsibility to fulfill.] If you could return to your home town with this victory, you can restore yourself to the first son's position, leaving the second son's position. So far Abel has had to pay with sacrifice in order to restore Cain in history. But now is the time when Cain has to set up the indemnity condition by himself. [Father declared the arrival of this time world-wide on Father's 57th birthday, on February 23rd in 1977.

Therefore, when you are determined and have confidence, all the spiritual world will help you, because Father has already gained the victory spiritually. There is no fear of your being killed, so you can witness very hard and earnestly, shedding sweat for your 360 homes. You should feel that you don't want to go any other place except your area, even though people may kick you out from your area. The kingdom of Heaven starts in your area when you pray for God and report everything that you do.]

Establish the foundation of restoration on the clan level, and you will gain the world-wide victory. [Therefore, the members of the unification Church should serve totally and establish the Kingdom of Heaven in the 360 home area!] You can start by establishing the substantial and environmental Kingdom of Heaven which will then lead to the internal and spiritual Kingdom.

(From the Interview about 360 Home Church System with  
Mr. Sakurai, the Director of Witnessing in Japan)  
November, 1978

Q: Mr. Sakurai, Father has told us that first of all we have to serve in our 360 houses. Could you explain this more clearly?

A: It is important to have the feeling that this 360 houses represents my nation, my home town and eventually my own family. We should feel that the people living there are all our family members. We have to serve the people with this feeling. Father says "If you meet a man who is elder than you, you should love him as you love your own physical brother. If you meet an older woman, you should love her as your own physical sister. When you meet old people, serve them as you would serve your own grandparents. Serve the people in your 360 houses with a sincere heart, and love them more than you love me." Frankly speaking, if there is a public toilet, we should clean it as our own toilet. We can also collect garbage from the street. To gather children in each area for some activity is another good idea. We should also try to get young people together for some group activities. We can serve each area spontaneously through our personality. When we love the area more than anybody else, people will be attracted, and will come to us naturally. Then you can talk about Father's word, and if necessary give a Divine Principle lecture. We have to be loving and trustworthy people who people can rely on completely. Heavenly Father's desire is that each one of us become the most needed person in our areas.

- A. Your service to the home church area will make it like Heaven, with fences, streets, gardens and houses clean and painted. The whole neighbourhood should look like Heaven.  
You can create friends by making the atmosphere of your 360 homes like Heaven. After you have accomplished this, no one can say anything is wrong. This is the external condition.
- B. The internal condition is that God must be in that house: God must be in the hearts of the people.  
Centered on heart, there must be harmony within the house, and

pray once more before leaving. Because of the good ancestors that house will become spiritually brighter.

After cleaning several times, you can ask the family to pray with you in a special room. This regular 'prayer room' will be the foundation for a home church. On this basis you work together with them.

(From the Father's Speech to the Crusade)

September 5th, 1978

Who will do it? Who is the central figure? Who is the Abel figure in this dispensation - you, yourself, are Abel figure. All the 360 homes more or less oppose you because they are in Cain's position. So we must start with the way of the Old Testament Age. The Old Testament Age is a servant's age, and you work like servants. When you do that and when they recognise you, you are like an adopted child and gradually they understand that you are better than their own children. In time all the families will respect you for what you show them, and they will say, "Please lead us, Around my home, you please lead the whole family." They will beg you never to leave their homes, the 360 homes. You won't do that by force, by threat, or anything like that, but by continuously serving. Just keep serving, keep living the Principle, and then they will listen to you naturally.

From Father's Speech about 360 Houses spoken in Japan

"The Home Church program was not initiated out of witnessing necessity but rather out of providential necessity. Therefore, you should think that the concept of Home Church System is the most fundamental concern for each of you to focus on. If you have strong confidence that by following this system you can solve all the problems of indemnity in your daily life, then 360 houses will be like an uncut diamond to you. The more you polish it, the brighter it will become. The deeper you cultivate the area, the more wonderful experiences you will gain."

From Father's Speech to the Crusade

September 5th, 1978

For the first time in history people have come from what could be called 'the enemy countries', to serve one nation. Every country has at one time or another, been an enemy of England, including America. The War of Independence was with America, Italy, Japan and Germany fought in the second world war. Every member who works in this country is from an enemy country. At no time in history has this happened. We can say that this event is a historical thing, not because it is us, but because of its meaning in history.

This is not only an event in world history but is also very

religious in nature, and very dispensational, because Jesus taught all Christians to "Love thy enemy." After the Old Testament this love is the completion of the New Testament. With our hearts we are going to plant God's heart for the first time among past enemies. Historically the enemy will come to help their enemy. Where is the worst enemy? There is no worst enemy, because the enemy himself has come to work for the country. There is no more enemy.

\*\*\*

\*\*\*

\*\*\*

\*\*\*

Our work is significant because we can make the way possible, step by step, for four countries, England, Scotland, Ireland and Wales to really become one, not just in name, but truly one inside and outside. They need us to do that. Of course, the Christian Church, including the Anglicans, were supposed to bring everybody into unity in God's heart, but Christianity was not able to do that. Even political powers, like the government cannot do that either. What about the Unification Church? Can we actually achieve this heart internally and show them the way? Can we bring them together?

\*\*\*

\*\*\*

\*\*\*

\*\*\*

When Father was on his way back home, he stopped here to expand the dispensation in England for the first time. From where did Western civilisation of today materialise? Was it from the French revolution or from the industrial revolution here in England? Materialistic civilisation started right here in England. England has the heritage of this material type civilisation, and the French have had a background of political thought and revolution, which have since influenced Russia and Communistic countries. This spirit originated in France, but the material type civilisation comes from England. This is where materialism, and the thinking of material progress began. So like Father told you, it is very significant, that Father starts the first dispensation of the world here. England is the cradle of all this material civilisation and not only that, it is like the mother to the country of America, by way of their common religion, Protestantism.

\*\*\*

\*\*\*

\*\*\*

\*\*\*

What happens if you become successful in the IOWC activities in

England? This would mean that the formula is established here. We can bring this import into France, Germany, Holland, the Scandinavian countries, and everywhere, doing the same thing, all at one time. You will become Abel of that country. We must understand now that we came here to establish the condition to win the victory, so that when we return to each country, we are welcomed and we will do the same work there under much easier circumstances. This is why we came here to London to establish these conditions. Even though this is England, this is not just one country, because when you win over here where there are people from twelve countries, then you win the world, not just one country. When you go back to each country you will be standing on the victorious foundation of having won the world. Then you go and work for your country in an easier way.

\*\*\*

\*\*\*

\*\*\*

\*\*\*

You must think about Jacob's fight against the angel, at the Ford of Jabbok. The Dover Straights are just like the Ford of Jabbok. You must fight against the angel, or anybody who is in angelic position, or let's say, the Cainistic position. Who is Cain? First Cain opposes Abel but as Abel proves more and more that he is good, he stops fighting and says "You are not bad, you are good." Soon you will become one with Cain, in other words Cain is subjugated by you, not by force, but naturally, by teaching them.

\*\*\*

\*\*\*

\*\*\*

\*\*\*

When you think about your 360 homes, cry and be very serious. How important and sacred these homes are. You are crossing a bridge between the satanic world and the Heavenly world. You can become a bridge so that the people can go through you. Everyone in Hell can go through you to the Heavenly world. You must understand that Father has spent all of his life, and God has spent 6,000 years, just to make this bridge between Satanic world and Heavenly world. Everyone in Satanic world can cross this bridge and go to Heaven. That is exactly what you are doing. Centering around your own life and your own family, establish this condition. When you cannot witness successfully to three people, you cannot help God and Father save the people, then what use do you have? Our resolution must be to work hard.

Father's Speech to the Crusade

July 4th, 78

(Start of new 40 day witnessing condition)

Those who have been in Unification Church for more than five years put up your hands, stand up. Now answer quickly, how many spiritual children did you bring during that period? (Members gave answer and sat down.) Imagine if everyone, who has been a member for more than 5 years, had visited 360 homes everyday, how many people you could have restored? In five years the average, as you heard, is only two or three people. So how can you be in Unification Church for that time and only bring so few people. Our goal is one person every month. We must reorganise ourselves, think again, determine ourselves and then go toward the goal. If you visit 360 homes for five years, then the chances are that all 360 homes can be restored. What do you think, is it possible? (Yes)

\*\*\*

\*\*\*

\*\*\*

\*\*\*

We must remember that first we must restore ourselves, then our spouse, then our children. When Adam and Eve are restored, they then have to restore their own family. We see in the Bible that Noah worked very hard, and after 120 years of faithful work he had three children and three daughters in law. If we count six children plus Noah and his wife, then that is a family of eight which he saved. These eight people were the only ones ready to be selected. There were many evil people, so God took these eight people as a seed, and destroyed every other person. Even after that, Noah had to establish the condition to save the entire world. With Ham's failure, God's dispensation to save the world through Noah's family could not be accomplished.

After that Abraham came. Instead of Adam and Noah, who had failed, Abraham, being the third family, established the condition to save the world. He went everywhere and started to prepare himself and establish certain conditions. Even he failed to establish the perfect conditions when he made the offering. Since all had failed, Abraham had to stand in the position of Adam. This placed Isaac in Noah's position, and then Jacob could stand in Abraham's original position. Jacob had to lead an extremely complicated life in Haran, as the satanic world. He really worked desperately for 21 years to prepare

his foundation, even though it was much more difficult than Adam, Noah or Abraham's course. It was only after working very hard for 21 years that he made the condition to stand in Abraham's position. He had to go through almost impossible difficulties in order to indemnify all the failures of Noah and Abraham. Specially, he had to restore the 10 generations from Adam's time to Noah's, plus the two generations of Abraham and Isaac. He therefore had to indemnify the 12 generations historically, by having 12 children, and then he had to restore Noah's family of 8 by fighting against Esau. Because the families of Adam, Noah and Abraham all failed, Jacob had to indemnify all that was lost in his one generation. Before he did that, he had to have dominion in the spiritual realm. That is why he had to fight the angel at the ford of Jabbok. Only after his victory, could he start the horizontal restoration, the deployment of the 12 tribes. Isn't this history? So the 12 tribes began from there. This 12 is always the central number. There were also 72 elders, the number that Jacob took to Egypt to restore. Based on the 12 tribes and the 72 elders the Israelite race was formed. Do you understand? All those that went to Egypt, faced terrible persecution, with many meeting death. In the end they survived the persecution of Egypt, the satanic world.

Moses then gathered the 12 tribes (that's the indemnity of the 12 generations after Abraham) and the 72 elders, who represent the family of Jacob and led them out of Egypt. Moses's work was on a tribal level, whereas Jacob worked on a clan or family level. Do you understand? In Jesus' time the same principle applies. He had the 12 disciples, and 72 apostles, representing the 12 tribes and the 72 elders, and the same pattern, but now on a national level. Moses was, on a tribal level. In Jesus' time he was to gather those people and then go to Rome,—and by winning over Rome he would have established the foundation to indemnify the whole world, and the world could have been saved. So in Jesus' time, the first number he had to gather together was 12, the 12 disciples. As a result of the loss of the three sons of Adam's, Noah's, and Abraham's family, the number three is necessary, and can also indemnify Abraham, Isaac and Jacob. That is the meaning of the three disciples of Jesus. After that, centering around them, came the 12 disciples. The three is the same as Adam's and Noah's three sons, and the represents Jacob's family (Jacob's 12 sons represent the 12 generations from Noah to Abraham.) So likewise, Jesus needed three sons, and also 12 disciples, didn't he? Then he needed 72 elders. Unless you have these numbers: 12 and 72, you cannot

form a base to work with the races of the world. We must understand that the 'three' are included among the 12 disciples. Jesus had to prepare the 72, and on that base he could begin to fight just like Jacob, who had gathered the 72 before he could fight and accomplish his conditions. If Jesus did not have that number, then He would not have been ready to fight, survive and connect his conditions to a tribal and national level. If the Israelite race, which includes the Jewish religion, the 72 elders, the 12 disciples, and the three sons, had accepted Jesus, he could have organized everything at the same time. But because they rejected Jesus, the foundation was lost, and he had to start all over again by witnessing to restore three, twelve and 72 disciples. Then that foundation would be connected to a Jewish religion, Jewish race, Jewish nation and eventually to the world. Jesus tried desperately to do this in 3 years, but He could not harmoniously unite together 12 disciples and 72 elders. Jesus failed to do that. They gave up on Jesus and scattered everywhere. Do you understand?

Since Jesus' foundation was lost, Jesus could not work successfully. When he comes again, he still will have no foundation to start working on without restoring that basis. So we have to restore that foundation which was lost at Jesus' time. This is the origin of the Unification Church's work, to restore these 12 disciples and 72 elders - 84 altogether - the foundation on which the messiah can come.

This is why every one of the Unification Church members must be well aware that it is his, or her, responsibility to restore that number on which the messiah can work. Each one must be aware of why he has to do that and what happens after he does that. When he does that, then, the messiah of that clan will be able to fulfill.

When Jesus was killed, it was clearly mankind's responsibility, and we must now inherit that responsibility even though our races are different. All the world members of the Unification Church, as the offspring of their ancestors who had killed Jesus, must assume the responsibility for having killed Jesus. That is why we must restore the foundation which Jesus had already restored spiritually. Now we have to achieve it physically.

Then after we make that foundation of 84, we can ask God for the Messiah to be sent on that foundation. We can ask through our very long prayer for the messiah to be sent, and then events can happen on that foundation. This is what we are going to do.

Because we are responsible for killing Jesus, we must restore

that lost foundation of 64 people, indemnify and restore it, and ask Jesus to come on that foundation. So we must witness to 34 people, because that is the basic number on which Messiah can come physically.

Even then, we cannot take many, many years to do it, but must do it within 7 years, which is the indemnity of 7,000 years of history. So within this years, no matter what happens, we have to accomplish this goal. Do you understand?

\*\*\*

\*\*\*

\*\*\*

\*\*\*

The same goes for Father. Father says the 84 must protect him by the same principle. Whereas yours may be simple, Father has a more complex situation on the individual, family, tribal and world levels. Father has many different levels. This is exactly what Father did. It required 12 in the formation, growth and perfection stages, three stages which because of man's fall have been extended 3 times. The 36 couples served the purpose of 12 couples through three stages, in Father's case. This is why Father blessed the 36 couples and after that 72 couples, and then after that the 120 couples and 430 extending onto the world level. Father did that, but it was not so easy. To gain 430 couples was very difficult. Father fought with his life under the severest persecution. We must not take the easy way in witnessing, we must really know the meaning of what we do.

The 120 couples represented each nation. Just like 120 elders who received the Holy Ghost at Pentecost. 430 couples represented the 430 years to return to Canaan, and also Korea's history of 4,300 years on the world wide level. The number 7, which is 3 plus 4, is also included in 430. If you multiply 4 x 3 that is number 12, so then 430 has in it the number 3, 4, 7, and 12. It means the number that can go anywhere in the world.

The Father extended that to the 777 couples. The number 4 in 7 includes everything, for example, the four seasons, and four directions. There are three months in each season, summer, autumn, winter and spring which gives the number twelve. All the numbers are included. Although these are all symbolic they are most important things to God, and that makes the proper condition, so in all its combinations it can open the way. When that comes into effect then the family, centering around Korea, can go to every part of the world to fulfill the dispensation. When that was accomplished, the world really opened up for Father in a dispensational way.

On that basis Father could travel around the world in 1965 establishing Holy Grounds. Man and all things are lost, but they can be restored on the basis of the Holy Ground. Father established Holy Grounds in 40 countries, a total of 120 Holy Grounds in 1965. All things represented by the Holy Ground were restored, and then Father could restore man, represented by 777 couples. Every combination was included in this number: those who were damned, those who fought any nation, any colour of skin, any status, married or not, all could be included in 777. Then because of that, the nation can develop from one end of the world to the other. Even though you may move in a great mass, Satan cannot say anything because the condition is already established. So after 777 couples the movement became possible, and Father could begin to move members of different nations around: Japanese to America, Americans to Japan and Satan cannot accuse them.

\*\*\*

\*\*\*

\*\*\*

\*\*\*

This is why Father gives you 360 homes. Why did Father come up with 360 homes then? 360 actually means one year, because one year had 360 days in the lunar calendar. 360 had 12 months in it. The number 3 is there, the number 12, and of course, the number 4. All the Heavenly numbers are there, all the numbers that God uses. 360 also means every year, every single year of history. That means that, historically many people, many thousands of generations have been living through that time. All of them are included, and all the families are included. by being represented in that number. Also that becomes the same as an extended form of 36 couples. Since 36 couples represents all the human ancestry, these are also included in that number. Everything is represented in that number 360. Do you understand?

With 360 you are going to go back to your own roots, to your own ancestry, and you will finally make contact with your own ancestors and relatives. Do you see? You must get the feeling of visiting your own ancestors, your own relatives, all the members of your family. The 360 homes in your area, represent all your ancestors in spirit world, so actually when you see your 360 homes, that represents your ancestors, in a physical form. You must think like that. Among your 360 homes are all the generations of your ancestry, all the different combinations of your blood lineage. Because London has a unique combination of races, it is really an ideal spot.
