Ideal Nation Of God

The true dispensation cannot appear on earth unless an individual, family, tribe and nation can practice the principle of loving their enemy. Until such a nation appears, you cannot talk about the Kingdom of God on earth.

I do not regret that the State Department, Congress and entire American Government have been very hostile to me. Because of that I have much more to show God as my achievement once it is all over. If everything had been rosy and peaceful then I would not have had an opportunity to prove who I am through dramatic achievement. I have never once spoken against or cursed anyone who opposed me, because when a great enemy attacks me God will send a great friend. When more people came against me in the Government, more people stood up to protect me. God is fair.

I have learned that persecution can be very sweet if you persevere with the right frame of mind. That way I can win more friends and comrades in arms without fighting.

From the moment you can love your enemy, the Kingdom of Heaven shall come.

My philosophy is very simple. If you have the attitude to love your enemy then you can overcome any situation and there is no obstacle that can block you.

My topic today is the Fatherland of God. God needs a nation here on earth. We Moonies don't have our nation. God wants a nation that will practice this principle of loving one's enemies.

Chapter Seven - Future of Korea, Future of the World

The Ultimate Purpose of Twenty-first-Century Religion

The most important wisdom needed by humankind comes from knowing God's heart and His ideal. For this reason, the role of religion continues to be important, especially in the twenty-first century, when science and technology seem to be replacing the role of religion in understanding how the universe operates. Religions around the world must understand the destination of the human journey and immediately cease all major and minor struggles. They should not be fighting for the purpose of protecting their own honor. Religions must pool their wisdom and combine their energies and work diligently to build the ideal world. They must forget the past struggles filled with hatred and work out peaceful solutions. No matter how much we have done for world peace, there is always more to be done. Religious people, whose mission is to lead humanity into the ideal world, must not forget for a moment that truly their only mission is to be apostles of peace.
