

The establishment of History Compilation Committee
November 1, 1981 - Sunhak Institute of History - November 1, 2019

Cheon Il Guk Providential History

**The establishment of
History Compilation Committee**

선학역사편찬원

November 1st, 1981 Korea

Sunhak Institute of History

On November 1st 1981,

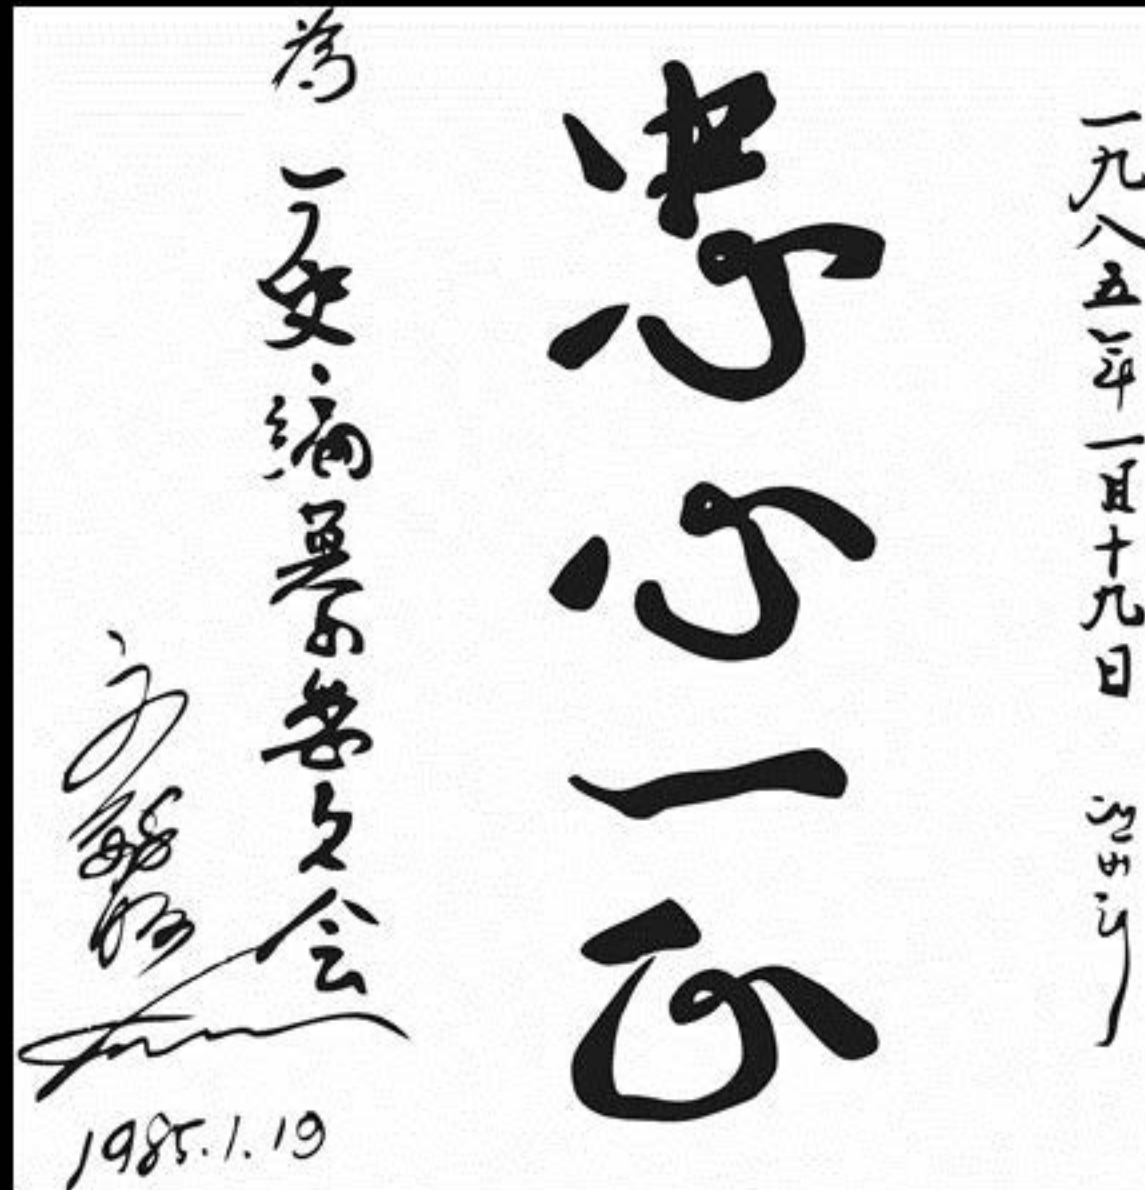

History Compilation Committee was established.

The role of History Compilation Committee is responsible for Compilation the church history, collecting, preserving, organizing, and compiling the True Parents-related materials.

The chairman was Jae Suk Lee who was the president of the headquarter. Kwnag-yeol Ryu who was the manager of culture department at that time was appointed as the Director of Compilation.

When True Father was at Danbury, he gave the calligraphy ‘忠心一正(Choong Shim Il Jeong)’ to History Compilation Committee. True Father explained this calligraphy that “to record the history with integrity, timeless, and accuracy”.

On March 12, 2016

True Parents renamed Sunhak Institute of History and gave an instruction to move into this HJ Cheon Won.

“

Unification Church members do not know much about these historical materials. They have been so busy trying to connect to the present reality and keep up with their present environment that they did not think about history. This is why I am providing to you the entire collection of my sermons.

You must be aware of the history of our church when it was located in Jangchung-dong and the events surrounding the expulsion of professors and students from Ewha University. You must understand the state and situation Korea was in at that time of transition. I wove the providence within the religious background not to oppose people but to create harmony. Those relationships arose in the age of the individual, but I had to introduce ideological concepts that connected to the age of the family. Hence the need for the collection of my sermons.

Past and present both are necessary. However, many people do not know the past very well. There were groups who wanted to restore Eden in each of the Old, New and Completed Testament ages.

Unless you can put this into perspective academically, it is difficult to find the proper historical relationships between them.

This is because you do not know the entire providence. You must go through the past, present and future to understand this. This must be done by the Unification Church History Compilation

Committee. (441-324, 2004.03.06)
