was a student in middle school.

She was so quiet, like a

in a

garden. One day, she had to give a

talk on

. She wasn't sure

she could, but even if someone is

quiet they can be brave when the time

is right. "Wow,

!

You were great!" the surprised

told her afterwards. That was

the very first time she spoke in front

of so many

kawk!” we say good news is coming.

When you see its , you can
tell from where the  will
blow. If the  blows from the
east, it will build the entrance to the

west. The clever  also covers
the inside with mud so that 
doesn't get in. I wonder who taught

the  to be so clever.
