### The Formation Stage of the Cheongpyeong Providence and the Preparation Process for the Growth Stage

4.

The Cheongpyeong Providence which began with the completion of the Original Sanctuary on July 12, 1971, followed True Parents' will to build a base for cosmic restoration. During the first stage of the Cheongpyeong Providence, the Cheongpyeong training center was the primary training location for the interdenominational and interreligious providence, leadership training within the church, and Principle training and education of heart for the entire church membership. The training center supported True Parents' work in this way for 24 years, from July 12, 1971 to January 19, 1995.

True Parents chose a site based on several years of offering prayers and devotions in the late 1960s, living in a tent in the Cheongpyeong area while climbing the neighboring mountains to pray, and offering devotion while fishing on Cheongpyeong Lake (Cheonshim Lake). When it was time to build the first training center, True Father broke ground with a pickaxe on June 17, 1971, signalling the start of construction. Under True Parents' direct supervision, the construction work continued despite inclement weather, and the first stage of the Cheongpyeong Providence began with the completion of the Original Sanctuary on July 12, just two weeks after its foundation had been laid.

"If we say the headquarters church in Cheongpa-dong was the foundation stage, the training center at Sutaek-ri would be the growth stage holy ground. Though you were not aware of it, I was going back and forth to Cheongpyeong every day. Whenever I had the time, I came here and offered devotions. It was here that I established a strategic plan for America, and I prayed with determination in front of heaven. Consequently, it is important that you understand the reason this place has become our most important location. In the future, Cheongpyeong will be the location of our global headquarters. You need to understand that this is true, because this is the final place that I have offered conditions of devotion here in Korea." (68-267, 5 Aug 1973)

In this way, on July 12, 1971, Cheongpyeong came to be the completion stage holy ground, obtaining its position through True Parents' many visits and offering of their blood and sweat to establish this place. Two years after the training center opened, True Parents achieved the Opening of the Gates of the Spiritual World by holding the first stage of Ancestor Liberation on the foundation of the devotions offered at the Cheongpyeong completion level Holy Ground. The Moon Clan Liberation Ceremony was held by True Parents at the Cheongpyeong Training Center on August 5, 1973. During the ceremony, True Parents prayed for the liberation of the tribe and its families and said, "From now on, I expect that there will be a connection binding the Moon clan to the Will, and at the same time, all the other Korean tribes will be connected with them. When we think about the clans being linked with each other in this way, it becomes the origin of Opening of the Gates of the Spiritual World." (68-289, 5 Aug 1973)

On May 1, 1975, the Ceremony of Total Liberation was held under the supervision of True Parents.

The first Ceremony of Total Liberation was held at Cheongpyeong because it is the place that provides a base for the international providence, where fortune collects, and which offers resolutions for every important problem. (79-25, 16 Jun 1975) Hence, on November 2, 1978, we held the Ceremony to Proclaim the Liberation of the Moon Tribe and the World Tribe. (Chambumo Gyeong (CBG) 11-3-3-11; 19 Nov 1978)

Start of the Separation of Evil Spirits and the Ancestor Liberation and Blessing

10.

The second stage of the Cheongpyeong Providence was the time when Heung Jir Nim and Dae Mo Nim guided the work of the holy spirit. This period continued for around 20 years from January 1, 1995 until October 26, 2014. In accordance with True Parent's will, the environment of the Cheongpyeong Holy Ground was prepared for the work of separation of spirits, ancestor liberation ceremonies, and ancestor blessing ceremonies under the supervision of True Parents during this period.

The work of the holy spirit at Cheongpyeong started on January 19, 1995. After this, Hong Sun-ae Dae Mo Nim traveled back and forth between earth and spirit world, fulfilling spirit work on behalf of True Mother who is the substantial holy spirit. Such work of the holy spirit at Cheongpyeong is the work of reviving and nurturing families on earth. Regarding the work of separating evil spirits, True Father said, "Now, because many people from contacted by evil spirits and are suffering from harm, we must completely sever this connection and sweep away all the evil spirits."(CBG 11-3-2-18; 8 Jan 1999)

With this work of liberating spirits, it was now possible to conduct Blessing ceremonies for them. True Parents officiated a Blessing for spirit persons on August 23, 1995, two days before the International Marriage Blessing Ceremony of 360,000 couples. This included Chung Mo Nim's family and Dae Mo Nim's family, and then during the 40 million Couples Blessing on November 29, 1997, the Blessing of 3.2 billion people in the spirit world were included. On that day, they opened the Blessing up to spirit people. Subsequently, on January 8, 1999, with the Proclamation of Complete Liberation for the Cosmic Expansion of the Marriage Blessing and the Rooting Out of Satan's Lineage (298-217~221, 8 Jan 1999), True Parents completed the preparations for holding ancestor liberation and blessing ceremonies, and the ancestor blessing ceremony was held on December 12.

Ancestor liberations and ancestor blessings were possible since True Parents appeared on the earth, discontinued the bloodline of the satanic world, and established all the necessary indemnity conditions. The entire providence of restoration in spirit world and on earth had come to fruition.

True Parents directed, "When you go to the Cheongpyeong Training Center, you must participate in ancestor liberation ceremonies and Blessing ceremonies. Provided your ancestors are liberated and blessed quickly, as blessed ancestors in the angelic world they will do the work of protecting the blessed families on earth. Accordingly, there will be no hardships on earth and you will escape from the realm where Satan can invade. If you do not do that, you cannot escape."(CBG 11-3-2-20; 31 Mar 2000)

Heading to the Age of Automatic Works after True Father's Universal Seonghwa

True Father ascended on the 17th day of the 7th month by the heavenly calendar, 2012. On the 13th day following his Ascension, the 29th day of the 7th month by the heavenly calendar, 'The Universal Seonghwa of Sun Myung Moon, the True Parent of Heaven, Earth and Humankind' took place at the CheongShim Peace World Center and other places in Cheongpyeong Holy Ground while 35,000 worldwide representative members attended under a solemn atmosphere. After his Universal Seonghwa, True Father not only reformed the spirit world but rearranged the order of the spirit world, and granted greater grace and forgiveness. True Mother also said "Spirit world has been changed after True Father's Universal Seonghwa."

The third stage of the Cheongpyeong Providence started on October 17, 2014.

Cheongpyeong Holy Ground is the actual sanctuary and workplace that is under the direct dominion of True Parents and should become the Bon-hyang (Original Homeland) for all of humankind. In other words, in this age of work actually directly supervised by True Parents, True Father in heaven and True Mother on earth become one and directly grant the great forgiveness of actual grace and blessing. Accordingly, it is time for the completion of spiritual salvation, the realization of the three great blessings, and the actualization of heavenly tribal messiahs, as well as the realization of actual cooperation by spirit world and direct spiritual and physical growth and development on the family, tribe, nation, world and cosmic levels.

In order to support the work for the victory of 2020 and the settlement of the new Cheon Il Guk age, True Mother said, "Cheongpyeong should return to its original goal. Save family members, and nurture family members." On October 27, 2014, she reorganized the Cheongpyeong Heaven and Earth Training Center. True Mother added "From the time when the work was centered on Heung Jin Nim and Dae Mo Nim, we are entering the age of work under True Parents' direct dominion." This clarified that the age of direct dominion of work by True Parents at Cheongpyeong Heaven and Earth Training Center we are entering the age where all works is held under True Parents' direct dominion has started. The following year, 2015, was the third anniversary of True Father's Universal Seonghwa. True Father completed the foundation in the spiritual and physical world while completing a hard journey for three years in spirit world. True Mother emphasized that by April 16 ancestor liberation and ancestor blessings up to 420 generations should be carried out. In other words, she said, "If ancestor liberation up to 420 generations is done, the paradigm of the world will change. The spiritual work will change the environment. It is particularly important to get help from Japanese Ancestors." Later, on the 1000th day anniversary ceremony of True Father's Universal Seonghwa, on May 30th, True Mother emphasized again that ancestor liberation in the spirit world should be done up to 420 generations to fulfil the mission of heavenly tribal messiah.

The Powerful Spiritual Works of True Family's Four Position Foundation

On August 17, 2015 (7/14 by the heavenly calendar), three days before True Father's Universal Seonghwa, True Mother emphasized that their first and second sons, Hyo Jin Nim and Heung Jin Nim, who had already gone to the spirit world, stood in the positions of Cain and Abel, saying, "We need to put Hyo Jin Nim's portrait at Jeongshim Won." True Mother clarified, "Heavenly Commander Heung Jin Nim stands at the center of the spirit world right now, but it's Hyo Jin Nim's turn to stand in the position to support True Parents as the first son." True Mother said that Hyo Jin Nim's portrait should be placed on the right side of True Parents' portrait, on their left side is Heung Jin Nim's portrait, and on the right side, the portrait of Hong Sun-ae Dae Mo Nim.

Hyo Jin Nim ascended on March 17, 2008, and his World Seonghwa Ceremony was held two days later, with 2,100 people attending, at the Cheongpyeong Heaven and Earth Training Center. During the speech, True Parents explained the meaning of the calligraphic writing, 'Simcheon Gaebang-won, Chunghyo Gaemun-ju' (He will open and liberate the deepest heaven and turn it into a flower garden as the lord who opens the gates of loyalty and filial piety), which was bestowed on Hyo Jin Nim. 'Simcheon Gaebang-won' means deep, wide, and infinite garden that can open spirit world (Simcheon). And 'Chunghyo Gaemun-ju' means devoted children and loyal subjects who can be the lords of liberation by supporting heavens original standard.

Putting Hyo Jin Nim's portrait in Jeongshim Won initiated a significant change in the spiritual atmosphere. Thus, during the 2015 Autumn Cheongpyeong Special Great Works (October 23-25), the number of members who had spiritual experiences with True Parents significantly increased, and there were many who testified that they witnessed Hyo Jin Nim standing on their right side.

Now the system for ancestor liberation is well organized, bringing more absolute good spirits. The time has come for our members to come to Cheongpyeong to experience the Cheongpyeong Works. Coming to the Cheongpyeong Heaven and Earth Training Center and joining the Chanyang Yeoksa will give you guidance in your life. The time is now open when the spiritual work at Cheongpyeong is shared and the grace of ancestor liberation and ancestor blessing is led by True Parents' first son, Hyo Jin Nim and his second son, Heung Jin Nim, along with angels and absolute good spirits under the direct supervision of True Parents. **A Great Leap Forward for the Cheongpyeong Providence following True Mother's Completion of Mourning Devotions**

Until the third anniversary of True Father's Universal Seonghwa, True Mother offered three years of mourning devotions, creating a trinity with True Father in heaven, centering on Heavenly Parent. True Mother later stated "The three years of mourning devotions was not my work alone. It was True Mother on the earth and True Father in the spirit world, centering on the Heavenly Parent, creating a trinity." Along with this foundation, another foundation was made through the unity between Hyo Jin Nim and Heung Jin Nim as Cain and Abel. The four position foundation of the True Family was firmly established in the spiritual and physical world, finally opening the age for the realization of Cheon Il Guk.

After the 17th day of the 7th month by the heavenly calendar in the 3rd year of Cheon Il Guk (August 30, 2015), the third anniversary of True Father's Universal Seonghwa, True Parents have been opening the age of direct dominion of the spirit world and the physical world. True Mother on earth and True Father in heaven achieved oneness in heart, oneness in body, and oneness in thought, and can advance the providence by directing both the spiritual world and physical world. This established a stable new age of order in the spiritual world since True Father has reorganized the spiritual world for the three years after his ascension and Hyo Jin Nim now stands in the restored position of the first son. True Mother spoke a great deal about the changes in the Cheongpyeong Providence three years after True Father's Universal Seonghwa.

"From now on, if there is unity with True Parents, there will be miracles. If you invest yourself in prayer and devotion, your problems will be solved. This is possible because the spiritual base is already prepared. It is time for spirit world to support us automatically. Through the foundation established by investing 21 years of devotion, the automatic system has been set up. Father went to spirit world and completed the work to set up the system for heaven and earth." (24 Sep 2015)

Now that three years have passed since True Father's Universal Seonghwa, the work of the returning resurrection to become one with True Parents is very active. Such work of the holy spirit shows that new life can be born based on the foundation of True Parents through the separation of spirits, ancestor liberation, and ancestor blessing, which had been conducted during the second stage of the Cheongpyeong Providence. True Parents compared the Cheongpyeong Holy Ground where this work is going on to a womb. (24 Oct 2015)

True Mother said the following on the construction of True Parents' life museum:

“I will make a museum about True Parents' life courses. It should not just have the contents of True Parents' achievements and life course, but it should have future-oriented contents.” (Nov.11.2014. Cheon Jeong Gung Museum).

She named the new place Cheonji Sunhak Won museum, hoping that those who visit the museum resemble True Parents and join in their work.

True Mother has a great sense of duty for the Cheonji Sunhak Won museum. In 2015, she talked many times about the detailed conceptions of HJ Cheon Won Cheongpyeong Providence for the restoration of heaven and earth which is True Parents' will. She explained True Parents' perspective on Cheongpyeong.

“In the future Cheongpyeong will become a sanctuary that misses nothing and has everything.” (Oct.30.2015. Cheon Jeong Gung Museum)

True Mother always wants to accomplish True Father's wishes. Two months following the previous speech she told us when the Cheonji Sunhak Won museum is going to be completed.

“What did I say I would build for the eternal Holy Land before the world by 2020? It is the Cheonji Sunhak Won museum. I want to make an environment to show future generations a record that you were here and worked together with True Parents. With such thoughts, I am grateful and happy every day. So will you work with me? I would like to ask that all of you work hard to hasten the day.” (Dec.12.2015. IPEC)

True Mother values the Cheonji Sunhak Won museum as her life. By building such a base amidst the Cheongpyeong Holy Ground, it wishes to reveal True Parents and save humanity.

True Mother said, “My dream is your dream. You have to realize this will with True Mother before you die.” (Oct.6.2016. Yongpyong Resort)

True Mother always walks the path of cosmic restoration alongside True Father. Therefore, in line with the providence, HJ Cheon Won is the base for cosmic restoration. Not only can we achieve spiritual restoration but we can also prepare the base that can restore humanity through the Cheonji Sunhak Won museum.

True Parents once said that the family department should organize a genealogy of blessed families. After True Father's Universal Seonghwa, True Mother emphasized several times to be noble blessed families and to build the Cheon Il Guk Genealogy Center.

"It is by no mistake that you are in the position in which you can remain in history. For a while now, I have directed World Headquarters to make a genealogy of the blessed families from around the world. You stand in the center of the providence, so you must fulfill Heavenly Parent and True Parents wish for one human family. Your achievements and accomplishments will be recorded and handed down as they are. You must put your best effort forward with diligence so that you can boast about Heavenly Parent and True Parents." (2016.10.06, Yongpyeong Resort)

"I told you that you are in a blessed spot. You are in a position in which you can become a prestigious family. But a prestigious family can't be at any other time. This family needs to fulfill their loyal and filial duty as Cheon Il Guk Citizens for the next 1st, 2nd and 3rd generations in front of Heavenly Parent and True Parents." "We need to get a thousand troops supporting us. Blessed families on earth must fulfill their responsibilities and ancestors in the spirit world must be liberated. We must fulfill God's dream. In the spirit world, there will be records forever of what your family has done on earth." (March 27, 2017)

True Mother repeatedly emphasized the Cheon Il Guk Genealogy Center at the "National Pastors Assembly (March 29th) and on the "57th Anniversary of True Parents' Wedding (April 12th).

"I am going to build a Cheon Il Guk Genealogy Center at Cheongpyeong Heaven and Earth Training Center. If you can get there with pride, that would be good. I am going to make a place where your descendants can live and say, 'I am proud and grateful for my ancestors.'" (March 29, 2017)
