August 18, 2014

Latest developments at Mozumdar.

More people are getting on board, but the town people are ahead of us.

This is the mother of all service, home church projects unfolding before us and benefitting everyone.

Seiko Lee is committed, we can follow up with several other concerts before winter.

Committees will be formed at meeting at Temple next Tues, 8/26 at 1 pm.

Hollywood lighting and production people have volunteered.

Lindsey Wagner (the Bionic woman) and her group want to get involved!

Various healers and spiritual groups are on board.

Help with media and internet is coming.

Father's spirit is moving through the hills.

Let's get on board!

Right now we need materials. Money for concrete and electrical boxes.
