

Clifton Family Church will be the only American church to be live on True Mother's Global Service Webcast

Michael Balcomb
October 25, 2014

Dear District Pastors, Local Pastors and Community Leaders

Thank you for your leadership and support during this important time in God's Providence.

Thank you also for sending us videos of your congregational greeting to True Mother last Sunday, as requested by Dr. Balcomb. These are being compiled in a master USA video for viewing by True Mother.

During yesterday's weekly conference call with all District Pastors, we discussed the request from International Headquarters for our congregations to be prepared for another "live" greeting during the webcast of True Mother's Global Service on Sunday, October 26 (Saturday, October 25, 9:30 PM EST in America). The District Pastors were very receptive to this request. However, today we received further clarification that Korea can only link with one location in the USA, rather than with many. This is their first attempt to have a live link between Korea and other nations, and they are choosing now to work on a smaller scale.

Therefore, based on the size of the community and proximity to our Headquarters' technical team, the Clifton Family Church will be the linking location during this webcast. We thank Pastor Manoj and his team for their cooperation.

Please encourage members in your communities to gather together during the webcast, or to watch in their homes through use of the following Internet link (also posted on www.familyfed.org).

<http://live.familyfed.org>.

Also, encourage them to send their brief reflections as soon as possible after the webcast directly to kim@unification.org (Dr. Ki Hoon Kim) and president@unification.org (Dr. Michael Balcomb). Dr. Kim and Dr. Balcomb are both in Korea and will personally deliver all reflections to True Mother.

God bless you!

David Rendel for Dr. Balcomb
