Dear Brothers and Sisters, and especially all the fathers out there!

Happy Father's Day!

Let's unite together to make this a day of appreciation and love for all of our fathers, and above all for our True Father and Heavenly Father who watch over us with hope, compassion and loving expectation.

Speaking frankly, Father's Day is a day when we Dads often feel regret for missed opportunities to love and for paternal duties neglected. Surely many men in this country and around the world share that concern, troubled by conscience for not being all that we should be to our wives, children, and friends. In his Peace Messages, True Father explained that our Heavenly Parent also feels the same regret and frustration at the miserable state of His Children:

God is like a father who labored and sweated his entire life to accumulate assets for his children, only to have a thief steal everything overnight. Who can comprehend the sorrowful, painful heart of God? God lost His lineage, lost His children, and was forced to hand over the ownership of the nations and world to Satan.

Yet God never gave up on us and today, because of True Parents' victory, God's suffering is drawing to an end at last:

I liberated and released God, our vertical True Parent who has taken responsibility for the Providence of Restoration. In all of history, this was the highest and greatest blessing humanity has ever received. This victory was absolute, unique, unchanging and eternal. Through this absolute providential victory, God's body and mind are completely liberated!

Dear Fathers, and all family members, let's meditate and rejoice deeply on the meaning of that phrase, 'absolute, unique and unchanging victory,' and do our best to move forward and bring True Parents vision to fruition on earth as their loving representatives!

God Bless you and your families!
