

## **True Mother approved our appointments Orlande Schenk, Martine Masner and Jeong-hye Yeom**

Michael Balcomb  
June 9, 2018

True Mother approved our appointments for the FFWPU Heavenly Europe and Middle East Group Blessed Family, Witnessing and Outreach, and Youth and Students.

**Orlande Schenk is Director of the Blessed Family Department**

**Martine Masner is Witnessing and Outreach Director**

**Ms. Jeong-hye Yeom is Special Youth Envoy & Coordinator of Youth and Students for Peace**

Dear Brothers and Sisters,

Late last week we received an official letter from our International Headquarters in Korea confirming True Mother's approval of our personnel appointments of Directors of three very important, group-wide departments: Blessed Family, Witnessing and Outreach, and Youth and Students. This marks another important step in our transition from the three former regions of Europe, the Middle East and the Northeast to the one unified Heavenly Europe and Middle East Group.

We wanted to take a moment to welcome these directors to their new positions and also to thank all those who have served in these roles until now.

First of all, it is our great pleasure to announce the appointment of Mrs. Orlande Schenk as the incoming Director of the Blessed Family Department. As I think most of you know, she is a busy mother with three young children, and has served for quite some time as the assistant director with special responsibility for the 2nd Generation. We are very grateful to Orlande and her family for making this new offering and are sure she will be very successful.

We want to thank David and Kyung Ja Hanna for their service in Europe and throughout the region; Galina Chernomoretz in the Northeast and Mr. Sachiyo Yamasaki in the Middle East. All of them will stay on as advisers during this time of transition. Thank you everyone!

Next, we want to thank Martine Masner and her family for accepting the position of witnessing and outreach director for our entire regional group. Over the past six months, Martine has led the successful witnessing revival in Prague, with the help and participation of our Czech family and young people from STF and the GPA from America. Now she will seek to expand this model to each of our six regions.

Thank you to Alexei Saveliev and to Mr. Jong-in Park, who previously served as witnessing directors for the Northeast and Middle East. I am happy to announce that they will continue to develop this most important mission throughout their current regions.

Thirdly, our special youth envoy, Ms. Jeong-hye Yeom, has been reconfirmed on the group level, and is taking the additional role as the group coordinator of Youth and Students for Peace. She has been doing a great job, especially with the youth mobilisations for Senegal and Vienna and the follow up work in Vienna.

I know that all of us wish all three of our new directors the very best of heavenly fortune and that we will all work together as one team to bring a new level of victory throughout our region. Great blessings are coming: we are indeed God's winning team!

Sincerely

Michael and Fumiko Balcomb  
Group Chair
