

## UK Video News Request for weekly Europe and Middle East Video News

Michael Balcomb

June 16, 2018

Dear Brothers and Sisters,

Many greetings from the Europe and Middle East Office.

Every week we produce the EUME-Video News, trying to cover most of your important activities and events, big and small – to have everyone participate in your efforts and inspire everyone in our big region and beyond and to report directly to True Mother. We are grateful for your pictures and reports.

To make our weekly Video News more informative, we would like to encourage all of you who organize major events or activities, to record a short video message on spot. Someone (i.e. main organizer) should introduce the activity or event in max 30-40 seconds: say something about the event/activity (what is it, who participates) what is the goal or importance of the event/activity if possible, record some short testimonies/statements of participants (15-20 sec.)

We cannot promise to include all of them each week, but it gives us a greater variety of material to choose from. Please send the links for downloading your videos to [euhq@ffwpu-eu.org](mailto:euhq@ffwpu-eu.org)

Thank You in advance!

Achim Pock  
EUME-VideoNews Editor
