Sharing True Mother's Guidance - Michael Balcomb

February 23 – March 14, 2019

A woman with short dark hair, wearing a red textured jacket over a black turtleneck, is speaking at a podium. She has a joyful expression, with her mouth open as if laughing or smiling broadly. Two microphones are positioned in front of her. The background is a blurred blue and white pattern.

Dr. Otsuka shares True Mother's words

Our desire is to well-prepare the 100th anniversary of True Father's birth. This is we are working hard to complete the French translation of the book "World Scripture and the Teachings of Sun Myung Moon". Dr Otsuka is encouraging us a lot because we are sure it will be very useful in helping all French-speaking nations better understand True Father's teachings.

The image shows the Colosseum in Rome, Italy, at night. The ancient amphitheater is illuminated from within, casting a warm glow through its arches. The sky is a deep blue, and the surrounding area is dark. In the foreground, there is a grassy area with some rocks and a few people walking. A white rounded rectangle in the top right corner contains text.

Planning & Discussions

We made a proposal for a Mediterranean Summit in Rome, next November 2019. It would involve Europe South, France, Middle East areas, so your approval and cooperation is vital. The topic is very important for North African societies and South Europe as well. It aims to create new models of cooperation in the Mediterranean area for the sake of peace and prosperity of Africa and Europe.

Breakout Sessions Heavenly Tribal Messiahship

Breakout Sessions Hyojeong Arts & Culture

We had a very good UK Assembly, GLOW 2019, where members gathered to present plans for the three main areas of national advancement and share best practices. There is a very hopeful and enthusiastic atmosphere every time members gather this year, thanks to the lead and inspiration you gave us in Korea in February. I am convinced this year will be the year when significant leaders in the Christian Church respond to the gospel of True Parents. We will make it happen, with God's help.

Closing Banquet

More than 120 brothers and sisters gathered in the Moscow headquarters for the All-Russia C.I.G. Leaders Assembly. This was the first such meeting in many years to strengthen the Russian movement and encourage a sense of supportive teamwork. Some representatives from the Far East of Russia flew eight hours to get to Moscow, and others from the Ural region traveled almost two days by train (each way). Everyone was happy to be together to hear the testimonies of our time with True Mother.

We would like to thank you for the Islamic Interfaith Textbook that you initiated recently. During the events in Korea, the Hyo Jeong Academy invited many of the leaders that are working in the Islamic world to review the work they have done until now. We really felt your love and care for the Muslim world through this project. We pray that this can be a text that can educate the Muslim leaders in a way that they can understand the heart and love of our True Parents as peacemakers.
