

High Noon is coming to Europe

What is High Noon?

High Noon is a project launched by a group of American members a few years ago to help us in our efforts to restore sexual integrity to our lives.

The High Noon team will arrive in Spain next week for their first event in Madrid. In 8 weeks, they will travel all around Europe, from Great Britain to Ukraine and from Finland to Albania. Events will be held in smaller communities on Tuesday, Wednesday and Thursday evenings and a full day event will be held every Saturday in bigger communities.

Some of you might think that we have enough to do with the preparation for the CheonBo events (Cheong Pyeong Europe events) which are taking place all over Europe at the same time. But the content of this program is a very good preparation for the CheonBo. What better preparation than to understand the importance of, and to make an effort, to become people who cast no shadow, people well-aligned with our Heavenly Parent.

With the fall, our sexuality was corrupted, remains our Achilles heel and has often been the downfall of many. The goal of this workshop is to help us reinforce our sexual integrity.

Maintaining our sexual integrity in today's overly-sexualized society can be a challenge. This workshop can help us be aware of the traps that lie in wait for us, our children and our grandchildren.

Why should you attend?

Because pornography affects us on every level: individually, in relationships, and in society

Because our children and grandchildren are facing unprecedented levels of accessibility to porn on the internet

Because becoming aware and informed about the problem is the first step

And because sexuality is God's greatest gift and He intended for it be so much more

The content of this 1-day workshop is for 1st and 2nd Generation from the age of 16 and older.

Details about the events in each nation will be sent out through the National or BFD leader.

Your European BFD team

Hello European Family,

The High Noon team is extremely excited about our trip to Europe. This has been in the works for over a year and God has been preparing us to provide an amazing experience for our Blessed Families in Europe.

High Noon is a non-profit run by Blessed Family members and exists to assist people across the world to experience Heavenly Intimacy so that our families can radiate with the love and blessings of our Heavenly Parent. In the beginning, we focused on fighting the pornography epidemic, as we saw it to be a main hindrance in Blessed Families achieving the closeness and openness of love we are all striving for.

Presently, we are investing our energy into creating vibrant events that allow participants to experience the love and grace of God by giving people an unmatched atmosphere centered on honesty, integrity and acceptance. During the past few years High Noon has spoken around the world, and it has become abundantly clear that the more a community prioritizes living in high noon and removing shadows (fear, accusation, shame, judgement) the more abundantly God is able to work.

Our events are for people of all ages. In our past regional event at the Chicago Family Church we had fifteen entire families attend together, some of them driving for more than 10 hours to get there. High Noon is working to liberate sexuality from the realm of fear so that we as Blessed families can take ownership back from the confused state that sex has been occupied from the beginning.

Please join us when we come to your community, it is an investment that will benefit you for your entire life. If you want your family to live free of fear, confusion, and resentment in the realm of sexuality, if you want your community to be more honest and transparent, then we invite you to join us when we visit.

God bless you and thank you for helping to bring this High Noon era to fruition

The High Noon Team.

Details about High Noon

Why the name High Noon?

The name for this project, High Noon, was chosen, inspired by True Father's words:

"High Noon settlement is possible when there is no shadow. When the mind and body become one, the shadow disappears. When a couple becomes one, the shadow disappears... Without establishing this high noon position free of shadows, you are not able to be with or go to God, who has no sliver of a shadow, because you are not in a perpendicular position. You should establish such a position in which you cast no shadow for all eternity.

Sexual Integrity

Brothers and sisters, this is a **very important topic that we have avoided speaking about** for far too many years. Please take advantage of this workshop so that we can all become people of sexual integrity, people who cast no shadow.

This shadow that we cast is the shadow of the fallen love that was inherited at the time of the fall. One of the tasks **True Parents came to accomplish is to bring us out of that realm fallen love into the realm of God's original love.** The love which is the point of unity between husband and wife, the love which allows us to create life just as our Heavenly Parent creates life.

Sexuality is God's greatest gift. We are called to restore our sexual integrity as God's children. This is a great challenge as we are living in the midst of an overly-sexualized, fallen society, in which sex is a selfish pleasure which is too often taken by manipulation or force.

Conferences

The conferences in this workshop are to help us understand more clearly the dangers of this fallen love that surrounds us. We need to become more aware of the dangers of pornography, which is now freely available on every smartphone or tablet. We need to be aware of this to properly protect our children and grandchildren. It is no longer a question of **if** my children and grandchildren will be exposed to pornography, but **when**.

There are also conferences calling us to take responsibility in our own lives to create the base for our own sexual integrity. This is an individual responsibility that each of us must assume. There is also a conference on Heavenly Intimacy, to encourage us to rejoice in and freely share this special relationship that we have with our spouse. The conference on Heavenly Intimacy is only for those who have begun their married life together.

The workshop begins at 9am and finishes around 7pm. That is a long day, but the High Noon team has much to share and since they will not come to Europe very often, they want to offer us as much as they can.

Age of participants

Children as young as middle school are welcome to attend if their parents are with them. Those 16 and older are welcome to attend on their own if they wish. **It is important that young people want to come and are not pushed.** If there is a 15-year-old who really wants to attend, and his parents cannot come, then, with his parent's authorization, he can come. But the parents should really come too!
