

Upcoming International Winter Workshop for 2nd Generation in Glanow, Poland

Michael Balcomb
November 4, 2019

When: 27th December 2019 – 1st January 2020

Where: Glanow, Poland

Following the tradition of previous years, an International Winter Workshop for 2nd Generation will take place in Glanow, Poland at the end of the year.

The motto will be: "Look Up, Child"

Topics will include trust, confidence and responsibility – both in connection to God and to one another. The discussions will centre around hope and the power we have when we are able to truly connect, and how if we only remember to look up when struggles and despair come, we can be reminded of the One who is always with us and of the strength that every one of us has to keep going.

"Look up, child" is a message from the Heavenly Parent to all of us and during the workshop this parent-child bond will be explored, as well as our own personal ways to understand and relate with Him.

The main lecturer will be Mr William Haines. With the deep insights that he has gathered during his years of sharing the Divine Principle, the spiritual education that he will provide is sure to inspire all of the participants, and help them to explore a lot of new and interesting topics.

The seminar will include lectures, team discussions and various other activities, including sports in the afternoon. If the weather allows, there will also be some activities in the snow and a challenge day (or rather a half-day).

There will also be a reflection time/midnight prayer and a joyful New Year celebration on the night of 31st December – 1st January. With the traditional family evening in mind, all participants are encouraged to consider presenting their diverse talents during that night.

Every participant is asked to bring a sleeping bag.

If you have any questions regarding the workshop, please send them to Ola Brzyska and Daria Kral via e-mail: glanow.ws@gmail.com

21-Day Condition for Success of the Workshop:

Those who plan to attend the seminar are asked to join the 21-day condition for the success of the workshop starting on Sunday 1st December.

The suggestion from the workshop organisers is a 12-minute daily prayer condition, however you may choose some other form. Whatever is the concrete form of your condition, please offer prayers both for internal and external victories (including good weather, hopefully with snow!).
