7. TESTIMONIES

At the CheonBo event in Germany, as the first missionary to Armenia, **I offered 40 HJ offering papers for the victims of the genocided of 1,5 Million Armenians**, in the beginning of last century. I felt strongly, that I also should include the perpetrators into the request for liberation, therefore I did it. Later I had the privilege to read at the HJ Offering Ceremony the report of gratitude to Heaven. After reading I seat backstage again, I had to cry out of gratitude for the blessing and grace of our Heavenly Parent and True Parents for the providence of the HJ offering papers, thinking about all the victims of this tragedy. Then I had a spiritual experience: **I saw many, many absolute good spirits in white cloths coming down from Heaven and liberating many, many Armenians and other spirits. Taking them, one by one, from hell with them, flying up to higher realms.** It was so real. I was so amazed, that the work of liberation began right after offering. I never before experienced this. With my physical eyes I may be limited in understanding but it really happens. I cannot express my gratitude for this blessing, also in the names of all this suffering families in the spirit world who experienced liberation now. Thank You Heavenly Parent, Thank You True Parents.

7. a TESTIMONIES

I want to share two experiences: **The first was at Chanyang on Saturday.** In the moment the song started, I could feel a strong spiritual atmosphere. It was undeniable that there was spiritual activity going on. During the second half of the session, **I could feel the spiritual battle taking place inside my body – angels versus resentful spirits. After the session, I felt much lighter and free; clearly some strong resentful spirits have left.**

The second one was on Sunday morning before the program started. **I went to the Prayer room,** because I didn't have the chance to go there the day before. As soon as I sat down, I felt the strong atmosphere and spiritual connection even stronger than at the other Cheonbo events I participated in (Germany in January, Poland in May). **It was long time that I felt such a deep connection.**

7. b TESTIMONIES

I am again so amazed by the event **especially the atmosphere of the prayer place**. As it was in Krakow, here too **as soon as I started to pray tears came to my eyes** and I felt a deep sense of sorrow and hope at the same time. Sorrow for all the pain and suffering that our Heavenly Parent and True Parents have to bear day by day seeing their children's miserable life ending in an even more miserable death, and great hope that through the Cheonbo providence worldwide all this pain and misery can be solved. I wish that all our brothers and sisters in the whole EUME region can understand and attend the events and that they can have hope too. Thank you Heavenly Parent and True Parents!

7. c TESTIMONIES

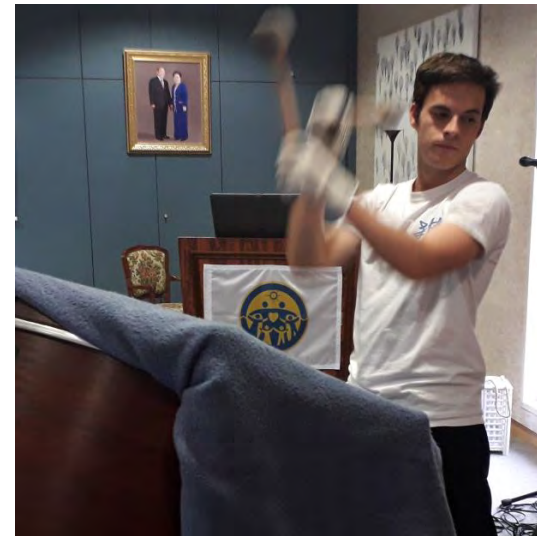

The deep love and gratitude I felt 10 months ago (previous Cheonbo branch event in Germany) totally surprising at the prayer room on 3rd floor, same as in the original prayer hall in Cheong Pyeong. I felt this time already when entering the auditorium with all brothers and sisters seated and all throughout the program. **Entering the auditorium I felt spirits shouting to other spirits: “That’s incredible, you must come and see this...”** and so on.

Approaching the event venue by car early morning and still being on the highway, **I suddenly was reminded of Heung Jin Nim and his sacrifice and felt he is securing the area to make sure all arrive well.**
