All Cheon Il Guk blessed family members across the world are invited to celebrate together with True Parents on their 60th Holy Wedding Anniversary on 8th May.

Thinking about what kind of gift our region could offer on this occasion, the Danish family presented a great idea to our regional chair, Dr Michael and Fumiko Balcomb.

Last week, the Danish people celebrated the 80th birthday of their queen, Margrethe II. Since people could not come in person to the palace to celebrate together with their queen, the Danish national TV2 asked individuals and families to send pictures of them waving to their queen instead. Out of these pictures, a mosaic picture with an image of the queen was made and presented to the queen in a digital form and framed as a picture.

Please take a look at the [online report from TV2](#). Zoom in on the picture of the queen and you will see families and individuals waving to their queen.

We want to do the same for our True Parents.

We will need more than 2,000 pictures. Please send your pictures expressing your love for True Parents to [gift@ffwpu-eu.org](mailto:gift@ffwpu-eu.org) by Saturday 25th April at the latest.
