# 7. a TESTIMONIES

## **Mr. Sergio Vieira, Portugal Event**

”First of all thank you very much to our Heavenly Parent and True Parents for giving us the opportunity to participate in this amazing event. Thank you that I could represent not only our nation’s members’ liberation and blessing of their ancestors but also European and Middle East members. It was an immense grace from our True Parents, especially on earth to our most beloved Only Begotten Daughter, our True Mother. From this amazing grace of the CheonBo branches, finally Heavenly Parent and True Parents can feel that much more quickly humankind can be liberated from this miserable and painful situation of hell in spiritual world. Heavenly Parent can be much more at ease in his heart seeing that that many and many of his children are being free of their painful history life. We want to give our entire life for this cause of salvation of humanity on earth and spiritual world, so thank you again True Parents for giving us the opportunity to help in this so important task as HTM. Good health and long life to our True Mother. Thank you True Father in spiritual world, we love you and we miss you.

Victory, victory, victory to EUME region!”

## **Mrs. Carla Vieira, Portugal Event**

”Thank you True Parents of Heaven, Earth and Humanity. I am so grateful and touched to be present at this event that brought the love of True Parents to our nation and to receive all the heavenly atmosphere of CheonBo Cheonshim Won Prayer Hall. It was impossible not to feel sorry and totally unworthy of this blessing. I could feel our ancestors that are so desperately waiting for this moment, that they could be rescued from the bottom of hell and live in the grace of the heavenly spirit world. **In my heart I immediately received the answer to my HJ Offering Paper: “All you problems will be solved the moment you unite with True Mother. Please do not complain. You have the authority to solve all you problems with absolute devotion and prayer. See God’s turning point and see God’s point of view and you suffering will be no more than a grain of .”**

### **Anonymous, Female, Hungary event**

“Thank you Heavenly Parent, True Parents all the tremendous grace you offered for humankind. **Always when I am in the prayer room praying and looking through the pictures I always start crying in front of Hyo Ji Nim. I feel from him so much love, urge, sincere support, seriousness that touches me deeply. I cannot stop flowing my tears.** During liberation I could feel ancestors of my spiritual childrens’ family. **Very strongly realized that love is what matters.** Not important if someone was a king or other famous person but everyone can offer support from the spirit world who has great love. So together with spirits of high love and people on earth with such a love can change the world even if those people were from low class of society.”

**Nina Persson, Female, 2<sup>nd</sup> gen. Stockholm, Sweden**

”I am really grateful that we had this opportunity to meet up and have this event. I have had a tough year and have struggled to overcome certain challenging experiences recently, but having this experience today has really helped me in the process of healing. I don’t really have any spiritual experiences but this time was special. **It was during the Chanyang Yeoksa session where I felt the presence of spirits comforting me. I felt a sense of healing where I felt caressed and comforted by them as if they were telling me: “We know the pain you have experienced but everything is going to be ok.” I felt loved and a lot of warmth which was overwhelming and made me cry a lot. I am so grateful for this experience and will keep it as a reminder that I have a lot of support and that God is always by my side.**”

It is such a miracle that even at the time of Covid there is a way for Heaven to work, to liberate and bless ancestors and people in the spirit world! True Parents extend Heavenly Parents’ realm of truth and love so that Cheon Il Guk can be established, the Kingdom of Heaven in Heaven and on earth! We hope we can go forward quickly with the restoration of our nation Austria. Thank you for the grace you have given to all of us! Thank you True Mother! Kamsahamnida, Saranghamnida!”**

“First, I would like to offer you Heavenly Parent my deepest heart of gratitude that we can hold the CheonBo Event at Reykjavik in Iceland where there are few blessed families. We received great grace from Heavenly Parent, True Parent and Spiritual World. **I am thankful specially to True Mother from bottom of my heart who allowed us to have a CheonBo event at Reykjavik in Iceland and to connect with Heavenly Parent and True Father through Cheonshim- Won Prayer room through the Internet.** After the connection prayer to open the prayer room, we are wrapped in warm Love, Peace and Happiness. **I felt we are one mind, one body and one thought and we are really brothers and sisters under the dominion of the Heavenly Parent. It was a very special feeling for me, like we are elevated into Heaven.** I love Cheonshim -Won Prayer room but I felt our prayer room at Reykjavik in Iceland was more than that....”

It was amazing grace for all members. I pray that everybody never forgets this special grease feeling. **Thank you so much our Beloved True Mother of Peace and Begotten Daughter of Heavenly Parent that we can live with you together on this earth now. ”Sincerely, I would like to thank the grace of the blessing of my ancestors, to True Parents and Heavenly Parents. **When the ancestors entered to the blessing venue, I felt the grateful heart of my ancestors, my tears just started to fall.** When the holy water was spreading, I just felt the happiness and joy. When finally we had to say the blessing vows, **I felt the proudness of them. I felt all of their emotion, and heart of them during the blessing ceremony. It was so real.** I would like to thank again this grace.”

## 7. j TESTIMONIES

### **Anonymous, Female, 2<sup>nd</sup> gen, Stockholm, Sweden**

”During the beginning of Chanyang Yeoksa session when we started clapping our necks area I suddenly, without warning, burst into tears, my chest tightened and I had a difficulty breathing, I felt like someone, a spirit maybe, wanted to help me experience something spiritual. My father was sitting to my right and my mother to my left. I felt a strong presence from my father’s side, like an ancestor from his side was standing right next to me and telling me to breathe, I tried to catch my breath and after some time I felt peaceful, like a spirit had just passed through my chest and left my body. I also felt like I knew that a spirit from my father had left his body and that the spirits were connected in some way. It was a powerful and in the end a beautiful experience.”

# 7. k TESTIMONIES

## **Anonymous, Male, Iceland event**

**"Yesterday after the event I felt surrounded by deep peace and joy. Of course I was happy I could endure physically the whole event, as I got sick in digestion 5 days ago and was very short in breath. After both days I felt a lot of support through dreams, writing e-mails to members, whom I offered my older stock of essential oils, the people responded to the "mail" and saw their faces and their writings. It was so real but still a dream - with another group I discussed core-values, a real solution for interfaith education. But today early morning a fish recipe was introduced as a simple and healthy dish. Later that day my son came along, brought some health food, prepared a smoothie and did some exercises with me. The most nice words came from his heart: "You gave me so much love, when I was a child, I know what you did. Therefore, I love you and want to return this love to you now." He gave me a deep and warm embrace, like never before ... I was so moved."**

# 7. L TESTIMONIES

## **Mrs. Elisabeth Cook, Austria National Leader**

“Thinking back of the event, I was most grateful that we could prepare everything together with brothers & sisters, united in heart. Due to Covid, not so many brothers and sisters could participate, but all of them invested their whole heart and sincerity in the preparations, which made the atmosphere very beautiful and joyful. **We all were surprised that we could create such a holy prayer room which made us feel like being in the ChoenBo Prayer Hall in Korea! Thank you, Rev. In pyo Moon, for making the actual connection with the CheonBo Prayer hall!** Thank you for all your sincere prayers and preparations, which made this event possible! **Following the videos, we could connect deeply to True Parents and to the spiritual world. We could feel the joy and feeling of relief and liberation when we sent the spirits off to the workshop in the spirit world. It was such a beautiful and joyful moment!** Thank you, Kamsahamnida!”

True Parents, Thank you so much!
