

Check Out Our Europe and Middle East Birthday Greeting To True Parents!

Michael Balcomb
February 16, 2021

The wider Europe and Middle East community have come together to wish our True Parents a Happy Birthday!

Dr. Balcomb begins the video by greeting our True Parents in Korean while the song itself is primarily sung by Hee-Yeong Anastasia T.

This year we celebrate True Father's 101st birthday and True Mother's 78th Birthday!

True Parents' birthday is an opportunity for Unificationists to reflect on the calling they have received from True Parents and the life-changing experiences that have shaped who they are today and how they can move forward hand-in-hand with God.

Unificationists have often heard True Parents reflect on their mission in life; their birthdays signify the start of a lifetime of answering God's call to build one global family centered on God, our Heavenly Parent.

This means that all 7.6 billion people on earth need to care for and love each other as they would their own mother, father, sister, and brother.
