Calling All Mariners, Anglers, And Those Interested In The Ocean!

The Unification Movement has a number of Good Go fishing boats that were donated to the UK by True Parents some years ago.

The 20ft (2nd smallest) Good Go, which was designed by Henry Masters under True Father's guidance, is now on the water until the end of October in Gillingham Marina in Kent. It is able to take small numbers (up to 4 people plus captain) fishing or sightseeing on the Medway/Thames estuary.

If you are interested in organising, going on a trip out in the Medway estuary, or generally being involved with ocean activities, please contact C. Pollitt at: [clivepollitt@ aol.com](mailto:clivepollitt@aol.com)
