4. Unification Principles By James Baughman, Tyler Hendricks, et al.

Unification Principles was composed as a Unification Theological Seminary Master's Project by James Baughman, Tyler Hendricks and Larry Witham with the support of Seminary President Dr. David. S. C. Kim, and under the supervision of the school's Academic Dean, Therese Stewart, and professor of New Testament Studies, Dr. Thomas Boslooper.

The authors' purpose was to express the teachings of Rev. Dr. Sun Myung Moon for a general readership. With their permission, and more than forty years after its completion in the spring of 1978, KANDO Publishers is pleased to publish this work for a wider audience. We replaced some of the 40-year-old manuscript's original graphics, which were worn with age, but the text is unchanged.
