Fumiko and I would like to invite all members and friends in the UK to join our new weekly devotion period, once a week on Fridays at 6am. This will feature HoonDok readings from True Parents' words, a briefing on upcoming events, sharing, and of course prayer.

In 2021, our pastors team met in this way every Friday morning and now we would like to broaden the invitation to all those who are interested. The meetings will last no more than an hour and usually 40 minutes. For now, this will be held online by Zoom, but depending on circumstances I hope that later in the year it may be possible to occasionally meet in person, for example at the National Holy Ground.

Hope to see you on Friday!
