**Bampoki Family, Vladivostok, Russia,
2022. 03.05. online participation**

“Good day! We were very happy to take part in the CheonBo workshop as a family. Thank you from the bottom of my heart for the opportunity to do this online without leaving home. **We live in Vladivostok and since my husband is disabled due to his severe condition, it seemed impossible for us to go to Cheong Pyeong to participate in the CheonBo seminar. Now his wish came true.**” Many thanks, Bampoki family!

"This was the first time that we could hold the special Ancestor Liberation and Blessing Ceremony event in our country as a representative nation. I had a really good experience with the preparations of the event, we faced some difficulties but together as a team we could overcome them. I felt a lot of support from my older brothers and sisters, I as the only second generation was involved in the planning and had help of my first-generation brothers and sisters. The event itself went very smoothly and well. Also, the weather here was beautiful with blue sky and sunshine. The last three days, for me sunshine feels like Heaven is happy and present. **During the event I could feel the presence of our Ancestors and good angels helping and guiding us through. I am very grateful that we could make this all work, for our Heavenly Parent, for our True Parents, for all our blessed ancestors and all good spirits and angels to work so hard together with us and to give us the opportunity to have this beautiful and meaningful event here in our country. Now with new resolve we can go forward and bring the people around us closer to our Heavenly Parent.**"

”During the Chanyang Yeoksa session I felt joy and happiness, like never before. Love was coming out from my heart. Also, I felt like being in CheongPyeong, something was quickly swiping out from my body. **At the end of the event, I went to the prayer room and I saw True Father's face.** I felt around my chest a spreading, tingling, warm feeling, kindness, love and light. **I felt True Father's kindness, pureness and unconditional giving. I am very grateful for True Parents that they never give up on me.”**

7. d TESTIMONIES

Anonymous, Female, Russia, Yekaterinburg, 2022. 03. 05. (part of testimony)

"Today, during the Chanyang session, I had a spiritual experience. When we worked on different parts of the body, I tried to focus on the particular parts and what experiences they associated to me. For example, when hitting my head - what old concepts and beliefs I have, hitting my eyes - what things I look at, hitting my mouth - what words I say, and so on.

I immediately began to have images - fragments of phrases that I said, actions that I did. For example, when I clap with hands - I remembered how I swung the child, I remembered how I wrote someone a caustic comment on the network. Hitting my legs - I remembered how I didn't want to go to a place **where I was asked to go**. There were some unpleasant memories associated with each area, and I attributed it to the fact that the spirits sit in those parts of my body and so influenced. Tears of remorse arose by themselves. I sang a song and mentally asked the spirits to come out of my body.

...

I felt regret towards those spiritual beings who are locked up by their resentment and pain. This time I managed to get in touch with them at least a little bit emotionally and see how they act in my life. I am grateful that these CheonBo Seminars exist. We don't know what kind of spirits and how they affect us, but we can help them get rid of their grievances and at the same time help people with whom they are connected and who also cause problems."

"I realized how important the Chanyang Yeoksa is. Without it we might not be able to become totally one with our Heavenly Parent. This was also the reason that Dae Mo Nim wanted to go quickly to the spirit world to help the borthers and sisters. I felt I really need to everything centering on her (DMN) attitude. Look at everything from her point of view. It was a nice experience this CheonBo WS in the Netherlands for the first time. It went very well. Thank you, True Mother for trusting us!"

**Thank you
beloved
True Parents!**
