

FFWPU UK: Companions Of Faith Workshop This Summer At Cleeve House

Michael Balcomb
April 14, 2022

Hello! You are invited to a spiritually refreshing 5-day workshop at Cleeve House, organised especially for 18-25-year-olds. This is a grassroots project run by Miwa, Carmel, Mia and Pyong-Chan.

We would like to follow-up from the last Companions Of Faith event, inviting a wider age-group, to come together and take time to make an intentional investment into our lives of faith, learning about who we are and what we represent in this world. There will be a complementary balance of education, space for reflection, cups of teas, fun and conversations.

Our young adult years are critical in forming our life path and our identity. We make big decisions, from what career we would like to start pursuing, who and how we may marry, where we will live and what values and traditions we want to uphold in our lives. There are many challenges to surmount and milestones to celebrate.

Come along and set a bit of time aside this June for some spiritual food (love).

Thank you for your interest, save the dates and we will come back to you with updates soon (including details on making a deposit to secure your place).

Feel free to contact us with any questions.

True Father's words:

"We need companions in our life of faith. People without companions are lonely people. Those who have companions can support and protect each other. They can find ways to overcome the challenges that arise in their life. Those with no companions have to resolve by themselves any problems that crop up. But this is a truly challenging task; problems assail us from every direction and we become unable to make it on our own."
