On February 11, 17 Unificationists of the 1800 Couples' Holy Marriage Blessing Ceremony celebrated their 43rd anniversary in California.

Joyfully remembering that historic winter day in Korea with immense gratitude to True Parents who changed their destinies, the couples shared deep as well as funny stories of their special day.

Today, most of them are grandparents and enjoying this phase of their lives.

The couples continue to be determined to fulfill their responsibilities on their paths to tribal messiahship.

Congratulations to the 1800 Couples of the 1975 Holy Marriage Blessing!
