

Hyojeong Cosmic Blessing and the Sixth Anniversary of True Father's Seonghwa

Richard Buessing
August 27, 2018

On August 26, the day before The Marriage Blessing Ceremony, True Mother checked the Cheong Shim Peace World Stadium where an exhibit was arranged to showcase True Father's calligraphy. The exhibit included a preserved chalkboard that True Father used in the early days to give Divine Principle lectures. On the day of the Hyojeong Cosmic Blessing, participants were able to reconnect in heart to True Father through this exhibit on the sixth anniversary of his Seonghwa.

The days leading up to the Blessing Ceremony, everyone was happily preparing for their part. Couples were receiving valuable tips for their future while the Global Top Gun Youth program participants were busily practicing for their performance following the Blessing Ceremony program.

On the morning of August 27, True Mother held a morning service at the Cheon Jeong Museum after which thousands gathered at the Cheong Shim Peace World Stadium to commemorate True Father's sixth Seonghwa anniversary and to celebrate the many couples participating in the Cosmic Hyojeong Blessing Ceremony. Sun Jin Moon gave a heart-felt reading of a letter she wrote to her father, the Rev. Dr. Sun Myung Moon (True Father). Participants were then immersed in an abstract musical experience expressing the heart of a mother and the life of True Father. The performance had a personal touch with Hyo Jin Moon's children singing. From America, thirty-one couples made their way to the main Cosmic Blessing Ceremony in Korea while thirty-two couples celebrated the day at home with their families, local communities and friends.

In celebration of the festivities, the Hyojeong Culture Festival followed the Blessing Ceremony and featured the Little Angels, David Eaton and British tenor, Paul Potts. To further celebrate all the lovely couples and to express the Marriage Blessing's power to unite the world as one family under God, True Mother held a life-sized Yute game with four teams. The Tongil team was made up of American Unificationists to represent America and placed second. Celebrations continued with a Hyundai Sonata car give-away, a Peace Road event, and famous Korean singers Kim Young Ja and Cho Hang Cho signing on the Yute board.
