

Marriage Enrichment Webinar Series

Crescentia DeGoede

May 13, 2014

Dear Pastors, Ministry Leaders and Blessed Couples;

Each month, the National Blessing and Family Ministry is offering a Marriage Enrichment Webinar. Each webinar provides practical tools to help married couples strengthen and deepen their relationship with one another.

Webinars occur on the 4th Thursday of the month from 9-10pm EST.

Any Blessed couple regardless of the number of years married can benefit from marriage enrichment. Each webinar in the series includes a 40 minute presentation from a professional marriage and family educator/counselor in the FFWPU community, followed by a 20 minute Q&A session. Each month features a different presenter and topic.

Presentation topics may include: communication skills, conflict resolution, enhancing intimacy, building connection, and spiritual growth as a married couple.

This month on Thursday, May 22nd, Jim and Hiromi Stephens will give a presentation on Heavenly Sex: the Core of the Universe. They will explore True Father's words on God's original design for sex, offer some historical perspectives on the Blessing, and share recent scientific discoveries about the differences between men and women.

Jim and Hiromi Stephens both joined the church over 40 years ago and have held several different church leadership positions, including Co-Directors of the Blessed Family Department for 5 years. Over the years, they have offered many marriage enrichment seminars and programs. They were Blessed in the 2075 Couples Blessing and have 5 children, 4 of whom are Blessed.
