The price includes 5 meals, accommodations, and retreat content.

About COR (Connecting Our Roots)

[COR](#) is an independent, self-funded organization, based on Unification principles. COR was started in

January 2015 because the [Board](#) wanted to create an experience that could meet the needs of those in the Unificationist community under the age of 40. Their goal is to create retreats where people can build deeper relationships with each other and with God, and have an amazing time out in nature.

COR Vision: An authentic community that inspires God.

COR Mission: Create retreats for Unificationist young professionals to gain spiritual nourishment and experience authentic connection in order to comfort God.

Last Year's Reflections

"A chance for me to be with my friends of faith and get perspective on what's happening in my life. A totally worthwhile weekend."

"I was reminded of how loving, caring, and supportive this community is. It was great having discussions and conversations that challenge me to reflect on my life and where I want to go from here."

"An opportunity to reflect on your own faith journey as well as to connect to other young professionals."

"As a whole, giving me a chance to break away from daily life and concentrate on internal self. Being with others of our faith who are open and supportive."

WE'RE OFFERING **ON-SITE CHILDCARE!**

COR cares about nourishing young families, and values the presence of young families at our retreats. To make it possible for parents with young children to participate in this retreat, we are offering on-site childcare and programming for children **4 years old and younger**, and private rooms for families. Parents attending the retreat will be able to participate in all the sessions, while their children enjoy an age appropriate educational and fun program with other young children. A designated space at the Warwick Retreat is being reserved.

Childcare will be provided by trained and experienced childcare providers. The main coordinator of the childcare program will be Doris Shirato. Doris worked for many years with [Jin-a](#) and served as the nanny for the DeGoede family. She will be assisted by several other childcare providers, according to the number of children that enroll in the childcare program. We can accommodate up to 15 children.

The actual cost of childcare is \$185 per child for the weekend. If your family is able to cover the at cost price of childcare, we encourage you to do so by making a donation when you register. However, if receiving a subsidy would make it possible for your family to attend, our donors are happy to make this opportunity a possibility for you!

The COR Board has secured donations to be able to provide up to \$380 per family to subsidize the cost of the childcare. With this subsidy, the **cost per child will be just \$75 for the first child and \$50 for each additional child for 3 days and 2 nights of care and 5 meals.**

For any questions about the childcare program, please contact Crescentia DeGoede at cdegoede@unification.org.
