*** Daily TPs' Hoon Dok Words ***

"When will the day come when a special human being emerges who will substantially manifest as the Lord and realize God's Will? Unlike any other created being in heaven and on earth, the Lord will fully manifest anew on a higher plane all of God's hidden internal character. It has been God's objective to welcome this one astonishing and exciting day. Having determined it, God has toiled endlessly throughout history to accomplish it through the providence of restoration."

True Mother sent a special message to us concerning the Coronavirus pandemic.

"Due to the severity of the coronavirus issue around the world, please abstain from hosting worship services and large gatherings of members if possible. Please pay particular attention to the situation."

Dear brothers and sisters,

After careful consideration of the social impact of COVID-19, our Sunday service team and church council have decided to suspend all in-person church services as well as large group meetings and celebrations until further notice effective this week.

We will live stream all our services starting this Sunday. I will post the Sunday service video stream link before Sunday service when it ready.

May Heavenly Parent protect us all during this difficult time. We urge everyone to try and pray at home. It is our sincere prayer that all people be well in mind, body & spirit, that all may be healed from the fear which is preventing us from working together and preventing neighbors from helping each other.

Shine City Project

Joining Get Outdoors Nevada and other volunteers, our nine Shine City Project volunteers met at the Henderson Bird Viewing Preserve to help with the morning's tasks. There were various plants that needed to be planted. These plants would help rehabilitate several of the ponds and create more food, shelter, and space for threatened birds and pollinators such as bees and butterflies. Additionally, wire cages needed to be assembled in order to protect the newly planted plants from being a tasty snack for animals such as rabbits...

The Bulletin Board

Dear Pastors and Community Leaders,

Thank you all for your tireless efforts in leading your communities to support the providence and True Parents' work. We have had a truly successful national and subregional Famicons. As agreed, the next step is taking this "Famicon Fever" to the local level!!!

In order to support you, resources were prepared for all communities to gather and conduct mini-Famicons over the next three Sundays.

However, as you know, the world is now facing a serious adjustment with the Coronavirus. True Mother has guided our communities worldwide to take the necessary steps and exercise caution to support the efforts to slow down the outbreak.

Compared with our brothers and sisters in Asia and Europe, the situation in the USA seems less urgent, but several states have already declared a State of Emergency, and the Federal Government is also taking measures to combat this outbreak. It is better for us to be proactive.

In regards to this weekend's Sunday Service, we are choosing to respect the general guidelines to avoid large gatherings, and stream live from New York City direct to everyone in their homes throughout the nation. This may be far simpler than asking all local communities to create their own stream. As it happens, several communities were planning on playing one or two of the recorded Famicon videos anyway.

In order to accommodate the varying time zones, our team will move our service this Sunday, March 15, to 11AM EST or 8AM Las Vegas time. For those on the west coast it would be considered a breakfast service!

It will be streamed here: live.familfed.org as well as to the FamilyFed [Facebook page](#).

We will reassess next week according to the progress reports from the government. Above all, we want to ensure the safety and health of everyone. We want to be able to comfort True Mother and let her know that we are keeping everyone healthy, but also spiritually fit, as we maintain our spiritual practices through the advanced technology of our time.

Let's continue to pray for True Parents' health and continued wellbeing, for the safety and health of our brothers and sisters worldwide, and for the recovery of all God's children who have had to deal with this virus.

God bless you and your families,

Dr. Ki Hoon Kim
Regional Chairman
