### **Committee Reports**

Finance – Steve Pierce

Donations have remained stable; expenses have decreased in the past month.

There is currently a gradual 18-month decrease from HQ for pastor's salary. Local community will eventually be completely responsible for pastor's salary.

Sunday Service – Rev. Ken Doo

More participation and ownership is needed from local community to volunteer for Sunday service such as hospitality.

Survey will hopefully encourage more participation and engagement from local community.

Building – Dieudonne Nkwethat

Things are moving, though slowly.

Plan reviews and permits are slowly being completed.

Permits will hopefully be completed by end of July, and then biddings for building contractors will begin.

Building construction needs to be commenced in a timely manner.

Youth and Young Adult – Torao Ota

Youth are continuing to meet virtually every week with games, reading, and prayer. However, the number of participants has decreased.

Torao would like to visit each youth personally, check up with them, and deliver a care package

There are five youths who have recently graduated either middle or high school.

### **Old Business**

LVFC survey

Change to the current draft of the LVFC survey were discussed.

Rev. Doo will have the survey available to the community in a couple weeks.

### **Guidance by Rev. Doo**

**Closing Prayer – Rev. Ken Doo**
