Thank you to everyone who welcomed True Mother to Las Vegas with all your heart.

With your heartfelt offering, we were able to make a small gift to True Mother.

True Mother was very pleased with the gift you prepared.

Therefore, I would like to give you a report on the donation.

I would like to report the entire contents, but it seems that there are some people who do not want it, so I will list the opinions of things that want to be shown and based on your request I will provide a report to you individually.

Please select one of the items below and text the number to me.

1. Total donor name, individual donation amount, and gift receipt
2. Total donation amount and gift receipt
3. None of above
