On Saturday July 24th, 3 blessed families came over to our home where we enjoyed wonderful food and fellowship. We shared about what kind of community we would like to create, and discussed ways in which we could support one another.

On Monday July 26th, 3 college students came to our home for a heart-warming meal and thought-provoking discussion. We read a page from "Mother of Peace" and talked about hope in our lives. After that we played some fun games together. Miyuki and I would like to host gatherings every 2-3 weeks.
