The 3-Day Hyo Jeong Cheonshim Resonance Prayer Special Philippines Workshop, jointly organized by the Family Federation for World Peace and Unification (FFWPU) Philippines and the Hyo Jeong CheonBo Asia Pacific Branch, was successfully held from July 17 to 19, 2026, at the Philippine Regional Headquarters in Quezon City. The event brought together 245 onsite participants and 260 online attendees from across the nation to deepen their spiritual lives through prayer, Chanyang Yeoksa, Cheonshim Won (Cheon Shim Won) devotion, and guidance from leadership.

Key Highlights and Daily Schedule

Day 1 (Opening and Vigil): The workshop commenced with an energizing Chanyang Yeoksa session focused on praise, repentance, and spiritual renewal. This was followed by a Cheonshim Won Vigil Prayer broadcast live with CheonBo Korea, preparing participants spiritually for the days ahead.

Day 2 (Leadership Messages and Devotion):

Rev. Leo Angelo Halog (Regional Director, FFWPU Philippines) welcomed participants, stressing that Heavenly Parent is substantially present on earth through True Parents, making complete alignment with True Mother essential for advancing Heaven's providence.

Dr. Julius Malicdem (Vice Continental Director, FFWPU Asia Pacific) delivered a special message on true resonance, explaining that it begins by understanding the pain and sorrow of Heavenly Parent and True Parents, supported by Absolute Good Spirits and ancestors.

Dr. Kim In Cheon (President, Hyo Jeong CheonBo Asia Pacific Branch) gave the keynote address on Ancestor Liberation, spiritual lineage cleansing, and remaining steadfast through Cheon Shim Won devotion.

The day concluded with the Calling Prayer for Holy Mother Han, Cheon Shim Won Song Praise led by Heavenly Top Gun (HTG) Asia Pacific, and a night relay prayer.

Day 3 (Ancestor Liberation and Closing): Participants took part in the HJ Offering Ceremony and Ancestor Liberation Ceremony.

Rev. Yutaka Yamada (Continental Director, FFWPU Asia Pacific) shared a message encouraging leaders to transform worry into prayer and practice true love in daily life.

Dr. Kim In Cheon delivered a special lecture entitled "Waking Up in the Age of Spirituality: Reclaiming Our Mind from Central Evil Spirits," urging attendees to "turn off the noise" of modern technology and

seek inner answers through prayer.

Certificates were awarded to graduates of the Japan Global Leadership Program before the workshop concluded with the Cheonshim Resonating Unison Prayer, Benediction by Rev. Halog, and Four Cheers of Eok Mansei led by Rev. Jun Young Teves.

Personal Testimonies and Reflections

1. "Reconnecting to Heaven Through Prayer and Ansu"

Namfon Saensaar (1st Generation, HTG Missionary)

"Before this workshop, I was feeling very tired, overthinking, and anxious about whether I could fulfill my portion of responsibility. Although people told me I was doing well, deep inside I knew I hadn't given my best.

However, everything changed when I joined the Chanyang team. From our very first practice, my chronic back pain vanished. Serving in Ansu allowed me to reconnect with Heaven once again. While administering Ansu, I saw different colors of light around people, and I even saw my own hands glowing yellow. This experience clarified my future goals - after completing my missionary year and receiving the Blessing, I hope to study and train in Ansu in Korea.

When Dr. Kim In Cheon reminded us that HTG members need to pray more, it deeply challenged me. I realized I had been keeping my struggles to myself rather than reporting honestly to God. Through sincere prayer and tears during the workshop, I felt my heart lighten. My new determination is to pray with sincere conviction, strengthen my daily relationship with God, and fulfill my mission with gratitude, faith, and love."

2. "Finding Purpose and True Love in the Frontline"

Savalyn Miabule Lagobe (1st Generation, HTG Missionary)

"This 3-day workshop was a profound blessing for me. Before joining HTG in the Philippines, I struggled to understand my specific mission after drifting away from my life of faith to pursue a career. When I heard news about True Mother's trials, I felt deeply responsible and offered devotions asking Heavenly Parent why she had to endure such hardship. In response, True Mother appeared to me in a dream, smiling brightly amidst a crowd, telling me that I had greater responsibilities to fulfill.

During this workshop, I prayed earnestly to understand what that message meant for me as a first-generation missionary. Through the lectures and Cheon Shim Won resonance prayers, my answer became clear: True Mother's smile meant she loves me unconditionally despite my past drifting, and my responsibility is to offer sincere devotion on her behalf where she cannot physically be.

During the Cheon Shim Won resonance prayer, as I shouted 'Aboji... Omonim...' loud from my heart, I felt a cool touch on my head, and my body shook with uncontrollable tears. Later, during Chanyang, Dr. Kim In Cheon gave me Ansu, leaving my heavy body feeling light and refreshed. I am now determined to unite with Holy Mother Han, practice True Parents' words in my daily life, and support both 1st and 2nd generation members in realizing their true value."
