

Senegal Presentation by Justin Fleischman after Service This Sunday

Michael Hentrich
December 4, 2018

Dear community,

This Sunday, Mr. Justin Fleischman from Northern California will be visiting us to share updates on what is happening in our movement in Senegal. Justin and his wife Patricia were at one time missionaries in Senegal and have been advocates for the work there and having been travelling to different communities to share about it and also to raise funds for various needs there.

Here is the basic outline of his presentation, which will probably be around 45 minutes

- God's search for restored nations for Cheon Il Guk
- How Senegal is the first nation to meet the first requirement as a restored nation -- True Mother was accepted as an equal by a head of state
- The legacy of slavery
- The victory of True Mother's prayer at Goree
- The after effects of True Mother's prayer at Goree
- God works through prepared people to raise up nations unexpectedly
- Providential activities which True Mother wants to bring together in Senegal
- How God works through the innocent (Little Angels are His ambassadors)
- Why the members in Senegal need transportation and how we can help them

His presentation will be right after service and will be in the chapel.
