### The Spirit of a Tiger

What is accomplishment? We end one year, look back, think about everything we've done and hope there is more that we accomplished last year than the previous one—that we made strides in our goals and towards our dream.

We asked our students who attended our National 2022 Winter Momentum retreat in January to share about what they were able to accomplish and to set out for new goals for this year.

Hearing them, and knowing intimately their challenges and victories, we can say with great confidence that our students are accomplished.

So, welcome 2022, the year of the tiger. We want to begin by expressing our deepest gratitude to those who gave to our [#GivingTuesday campaign](#). Thanks to all our donors, we have not only reached our fundraising goal, but set the record for our End of Year fundraising campaign. Thank you for believing in the mission and work of CARP!

CARP students did not hesitate to carry on the courage and strength of a tiger right into 2022. Campus events have set in motion such as CARP Hawaii's first-ever Ohana Talk (pictured at the top)! Even with the surge of COVID-19 in the beginning of the year, chapters like [CARP New Jersey](#) and [Dallas](#)

responded immediately by opening up a virtual option for their in-person retreats. Take a look at some of their experiences below:
