

I Believe In You

“Pure water should not be still. Water must flow. It must flow out to the higher, wider world. If through you, the pure water, the fallen world is purified one nation at a time and the environment emerges wherein people come to know about True Parents and attend Heavenly Parent, what would that be? Isn't that the kingdom of heaven on earth? ...I believe in you, love you, and have raised you as very important treasures.”

- Dr. Hak Ja Han Moon, February 22, 2024

Mother Moon shared these words with hundreds of young people at a leadership training workshop in Korea earlier this year. CARP students seek to live up to that vision, to be “pure water” – living an exemplary lifestyle of righteousness, innocence, and love – that can bring healing to the “fallen world” of suffering and sorrow. They are creating an environment in their chapters where fellow students can learn about and experience the truth of God, our Heavenly Parent. We have continued to see chapter activities growing and expanding throughout the nation.

Currently, many of our CARP leaders and members are in Korea participating in the Blue Dragon Pilgrimage, connecting to the vision and receiving guidance from Mother Moon. We are excited for their return at the end of this month, and for the spark that they will bring to our chapters and communities throughout the nation!

News

Project Gratitude

CARP Chicago put together an awesome event for their campus this past month. Inspired by Mother Moon's goal, “to live in utmost gratitude,” they wanted to bring a positive impact to students on campus while also promoting the club and what CARP stands for.
