Dear families,

This Sunday, Dr. Hentrich will be giving a class on money wisdom.

This class is specifically designed for those 40 and under.

What you learn can totally transform your financial future, no matter what your income or education level.

What you learn will not help you 30 years from now when you wish you had more money, but it can make it totally unnecessary to even think that way.

It will be right after lunch.

If you have questions, please reach out to Dr. Hentrich at [mikhentrik@gmail.com](mailto:mikhentrik@gmail.com) or 303-253-4123.

Nothing is being sold or marketed.
