

Colorado Family Church: Raising Funds for Our Upcoming Youth Summer Camp

Michael Hentrich
May 25, 2021

Dear family,

As you may have seen in our recent emails and announcements, we are partnering with the Salt Lake Family Church to put on a summer camp for our youth this year.

This is the first time in recent years that we have tried to organize our own camp. Usually our youth will either attend camp in California or Texas. Although this gives us more control over the content and experience, it also comes with added responsibility for covering the costs.

We are projecting this camp to cost from \$8,000-\$10,000 to cover the food, transportation, lodging, inviting a speaker, etc. Although our local community and the Salt Lake community have already committed some funds and we are asking

participants to pay workshop fees, this won't be enough to cover all the costs for a 6-day long workshop. Therefore, we are seeking your help to cover some of the costs.

Our goal is to raise \$3,000 by the end of June. Our youth ministry team will be doing some fundraisers during this time, such as bake sales. If you feel called to help support, we would really appreciate it. Donations can be made to the church (HSA-UWC) as usual. Please just note that it is for the summer camp. If you would like to donate by Zelle or [online with a credit card](#), there's a memo line where you can write that. Thank you so much for your support and understanding.
