

## Colorado Family Church June Local Highlights

Michael Hentrich  
July 7, 2021

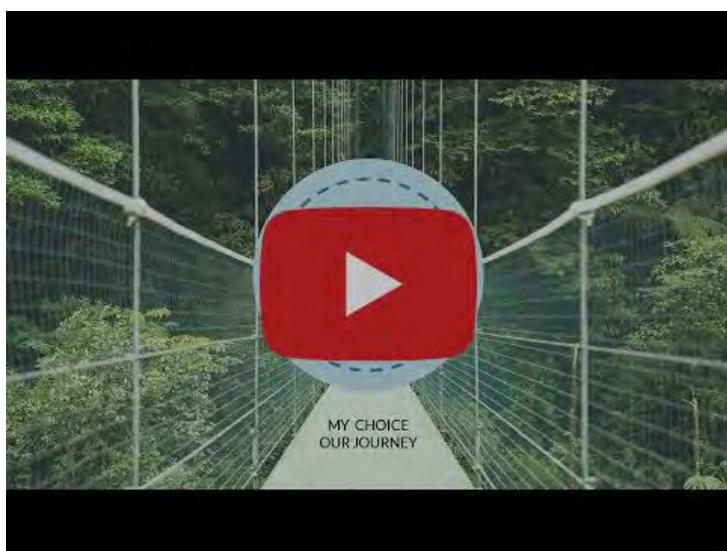

Dear family,

June was another very exciting month for our community. Some big highlights were definitely Camp Journey and the Peace and Blessing Festival. Please take a look at those and the many other things that happened this month!

### Camp Journey

Camp Journey was a huge success. We had around 25 participants from Utah, Colorado, and Washington come together at Bear Lake State Park in Utah for a week of deep sharing, testimonies, lectures, activities, bonding, fun, and much more. We are so grateful to everyone that made this enriching experience possible. A big thank you to everyone that helped out with the fundraiser! Please watch the video below to get a feel for the camp and many photos can be found [here](#).

### Peace and Blessing Festival

On June 5, in conjunction with the live broadcast of the Peace and Blessing Festival, many dedicated members came together to hold a Renewal of Marriage Event at the church. A number of couples participated in the first steps of the Blessing and renewed their marriages. There was also nice music and refreshments. Many thanks to everyone that helped with photos, child care, a/v, and much, much more. More photos can be found [here](#).

### **59th Day Of All True Things**

On June 12, we celebrated the 59th Day of All True Things, one of our major church Holy Days focusing on Creation. Thank you to everyone that came and everyone that helped with the offering table and breakfast.

### **Celebrating Father's Day**

For Father's Day, Pastor Adonia grilled an amazing BBQ for all the dads in the community. Thank you to everyone that came out and for the people that helped with the BBQ set up, clean up, etc.

### **Congratulations**

Congratulations to Kenzo Tanaka for becoming an official United States Citizen!

Congratulations to Andrew Love and William and Ben Martinez for completing the Spartan Race in Colorado Springs!

### **Continued Renovations and Improvements**

After the Spring Refresh, there was a lot of follow up work that needed to be done to remove debris and finish up various projects. We are really grateful to Namvan Vanderstok for hauling away the remainder of the trash from the old shed and also to Anton's Hyojeong Peace Corps team for assembling the new shed. We've also been working on redoing the hallway wall and removing the stage from the dining room to expand our dining area better. Also, a big thank you to Dr. Hentrich for spending many hours to re-secure the sound panels in the cafe and the light panels all around the building.

This month, we had many practical messages on giving, gratitude, fathers, appreciating challenges, and more. Hopefully you found something valuable for yourself. If you missed any of them, you can find them all on our [Facebook page](#) and [Youtube channel](#). For quick reference, this month's recordings are below.
