

Colorado Family Church: March Local Highlights

Michael and Adonia Hentrich
April 9, 2022

Dear family,

March was a month of snow storms and spring coming at the same time! As we leave winter behind us, we look forward to the many spring and summer activities ahead of us, spending time outside playing sports, bbqs, and much, much more. Please enjoy below some of these local updates from our community this month.

Attending Famicon Annual Leadership Conference In Los Angeles

Pastor Mike attended the recent Famicon leadership conference in L.A. He had the opportunity to represent our community, share some testimonials about our young families, and receive good content as well.

Celebrating The Life Of Trudy Harris

We celebrated Mrs. Trudy Harris' Seonghwa on March 8. It was a beautiful and intimate remembrance of her life and the legacy she has left behind. The family is grateful to everyone's support and love.

Heartland Academy Update

March was a big month for Heartland Academy. They officially ended their trial period and have been formally and fully accepted as a bonified Acton School. In addition to that, they also received their formal 501(c)3 recognition from the IRS as a federally recognized non-profit organization. A big congratulations to everyone that helped Heartland Academy get to this point! Enrollment is open for the fall, and we look forward to seeing how the school develops next year.

Congratulations And Prayer Requests

This is a belated welcome, but we have several Solomon Islanders who moved here a little while back that we didn't acknowledge yet. They did a beautiful offering song for us this month and we look forward to getting to know them all. Their names are Brian Auga, Amanda Horoasia, and Grace Gua, and we are so happy that they've joined our community.

We are excited to welcome our first new family of 2022. Alex and Fumiko Smyth moved here this month

from San Diego. They are coming to support their son Mitsu and daughter-in-law Clara and are also excited to become a part of our community.

We are grateful to everyone that has participated in our prayer condition and has supported Ukraine in various ways. Although we have made many preparations to receive refugees, we don't have any families coming at this time. We will continue our preparations, and continue to look for ways to support.

Continued Renovations And Improvements

Lots of ongoing renovations this month, mostly focused on our house across the street from the church. David, Anton, John, Dr. Hentrich, have all been putting many hours into all the ongoing work. We finished the majority of the work in the kitchen and are now moving on to the bathroom, and bedrooms. We project that we will be done by the end of April.

Through the Sunday messages this month, we finished our series on the School of Love. We hope the messages from this series were meaningful and insightful. If you missed any of them, you can find them all on our [Facebook page](#) and [Youtube channel](#). For quick reference, this month's recordings are below.
